

STATE FACES BIG INDUSTRY LOSS

P. D. NORTON ENTERS SENATORIAL RACE

MANDAN LAWYER
ENTERS PRIMARY
HE ANNOUNCES

States Principles on Which He
Says He Will Appeal For
Votes in Primary

OTHERS ARE MENTIONED

Understood Effort Made to Get
Miss Nielson in the Sen-
atorial Campaign

Former Congressman P. D. Norton, Mandan attorney, today announced his candidacy for the Republican nomination for United States Senator. Mr. Norton left Mandan today for Jamestown to remain until after the convention there April 19.

Mr. Norton is the fourth candidate for senator now in the field, Senator McCumber, A. J. Cronin and former Governor Frazier being the others. It is understood that a Jamestown man visited the capital urging Miss Minnie J. Nielson to enter the race. Judge C. W. Butz, of Devils Lake, also is prominently mentioned in the last few days, in addition to a long list of possible candidates heretofore mentioned.

Mr. Norton served three terms in congress. In his announcement Mr. Norton says he will be a candidate in the primaries, and does not say he will consider any action taken at the Jamestown convention binding. His announcement follows:

"I shall be a candidate at the June primaries for the Republican nomination for the United States Senate. During all my political career in this state where I have grown to manhood, I have been a Progressive Republican, firmly believing and adhering closely to the cardinal principles of Republicanism. I favor the progressive thought and leadership of the party that is tending to make this government of ours strong and enduring and increasingly serviceable to all its people.

"My record in Congress for six years is the best criterion of the kind and character of service that I shall render if elected to the United States Senate.

"I believe that the present farm bloc in Congress is doing much needed and highly commendable work for the agricultural interests of our country. I should most highly appreciate the opportunity of joining with these men, many of whom are among my close personal friends in the program of agricultural legislation they have undertaken to accomplish.

"For Farm Bureau.
The purpose and work of the Federal Farm Bureau I believe is deserving of general encouragement and support.

"In the first address I made in Congress I announced that in considering problems of national legislation, the thought always nearest to my heart would be the highest welfare of the men and women who toil and labor for their livelihood in the various industries of our country. That was my sentiment and feeling then and is now.

"Those who wore the uniform of our government in the late war and who added to its honor and fame at home and abroad were given my loyal support in every matter effecting their interest while I was in Congress.

"Should I be elected to the Senate I shall consider it a privilege to champion their just causes and interests.

"I make this announcement of my candidacy confident in the belief that a very large majority of the real Republicans of North Dakota do not desire to have as their representative in the United States Senate a willing servant of McKenziesm or Townleysm."

GRECO-TURKISH
FORCES CLASH

Athens, April 10.—Despite efforts of the allied powers to bring about a truce Greek and Turkish forces have had serious clashes in Asia Minor.

FAIR WEATHER
IS IN PROSPECT

The light snow and chilly winds which visited the city this morning were to pass on, according to the weather bureau forecast, which expects Tuesday to be fair with rising temperature.

There was 1 inch of precipitation at Williston. It was sleeting there yesterday afternoon. The snow probably melts as it fell, the bureau reported.

CARSON HIGH
HAS PAPER

Carson, N. D., April 10.—Carson high school is the smallest high school publishing a newspaper or magazine, according to word received from G. W. Green, of the Interscholastic Press Association, which has national headquarters at Madison, Wisconsin. Few schools with enrollments of less than 100 publish papers.

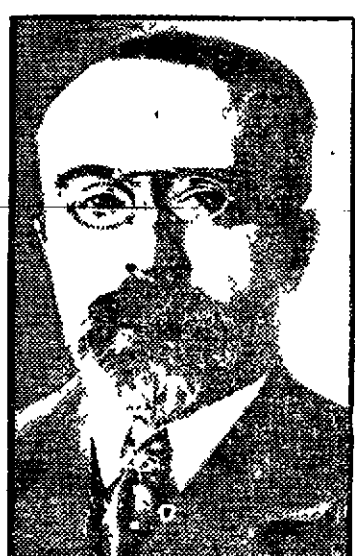

LEADERS AT GENOA CONFERENCE

LLOYD GEORGE, ENGLAND.

SIGNOR FACTA, ITALY.

LOUIS BALTHOU, FRANCE.

DR. RATHENAU, GERMANY.

EUROPE'S ILLS
TO BE PROBED
AT CONFERENCE

Genoa Conference, Opening Today, Brings Together Representatives of Nations

OPENED BY PREMIER

Genoa, April 10.—(By Associated Press)—The Genoa Economic conference was formally opened this afternoon in the historic palace of St. George by Premier Facta of Italy.

The Premier was applauded as he rose to deliver the speech of welcome to the representatives of all the countries assembled for the notable meetings called to take steps for the economic reconstruction of Europe and help restore conditions throughout the world.

The premier then read the welcoming message to the delegates from King Victor Emmanuel.

It was an imposing assemblage that the Italian premier faced. The delegates were seated at tables around the hall.

The Italian delegation sat at the end of the hall facing the main entrance. On the right of the Italians were the French and Japanese and on the left were the British.

The other delegations sat at tables at right angles with the others. Representatives of more than 40 nations, including Russia but minus the United States, were here Sunday prepared for the opening of the Genoa Economic Conference, regarded here as the most momentous assembly since the Versailles peace deliberations.

Eyes on Russia.
All eyes are upon Russia, for it is the first time this great nation has participated in world affairs since the overthrow of Kerensky's provisional government in the spring of 1917. After more than four years of experimental government, Vladimir Lenin, Russian premier, has abandoned much of what he previously considered essential to Bolshevism and has consented to participate in a conference called by "capitalist" nations.

On the ground that the gathering will be political rather than economic, the United States has declined Italy's invitation to send representatives. The American people, Secretary Hughes said in declining the invitation, are anxious to assist Europe in recovering its economic life but feel that they cannot involve themselves in European politics.

Unpaid Debts.
Decision to call the Genoa conference was reached by the Allied Supreme Council meeting at Cannes early in January. Rapidly diminishing European exchange, billions of dollars in unpaid debts, German reparations, necessity of reconstructing devastated areas, the Russian situation and hope that the United States would lend itself as a stabilizing influence constituted the pressure behind this decision.

Germany, represented in a passive capacity in nearly all European conferences since Versailles, is expected to open its doors.

N. P. ENGINEER
PASSED AWAY

Jamestown, N. D., April 10.—George McLean, veteran Northern Pacific engineer, who formerly was stationed at Fargo and Mandan, is dead at Portland, Ore., according to word received here.

23 FRENCHMEN
ARE KILLED BY
AN EXPLOSION

One German Foreman Also Is Killed in Explosion of Hidden Mine

IN ALLIES TERRITORY

Berlin, April 10.—(By the American Press)—Twenty-three French soldiers and one German foreman are now stated to have been killed and 10 others injured in yesterday's explosion at the Huetten Smelting Works near Gleiwitz, upper Silesia. Tremendous excitement was reported from Gleiwitz, with the expectation that martial law would be proclaimed.

The latest accounts declared the explosion took place in the family vault of Count Einsiedel, one of the founders of the Royal Smelting Works in the cemetery connected with the works. The unofficial report asserted a hidden mine was detonated during a search for concealed arms.

The German authorities are unable to conduct investigation, the advice state, as the interallied commission for Upper Silesia is in control, but it is declared that so far no evidence against German subjects has been found.

RESISTS SEARCH,
IS SHOT DEAD

Hoplin, Ill., April 10.—Frank Zigmant was killed by officers who alleged he defied them when they attempted to enter his home with a search warrant. They say they found a still in the house.

GASOLINE UP
IN ST. LOUIS

St. Louis, April 10.—Gasoline increased one cent a gallon today at all filling stations of the Standard Oil Company of Indiana to 23.2 cents a gallon.

SAWYER BANK
HAS REOPENED

The First State Bank of Sawyer has reopened, according to word received at the office of the bank examiner. It closed on October 2, last, and it is the fifteenth North Dakota bank which has closed since November, 1920, to reopen its doors.

DAUGHERTY MAY
DISMISS MINERS
CASE IN COURT

Attorney-General Daugherty In Mysterious Visit to Indianapolis on Matter

SECOND WEEK OF STRIKE

Union Organizations Are Gaining, Is Claim Made By Union President

Indianapolis, April 10.—Attorney-General Daugherty, who arrived here from Washington today unannounced, was declared authoritatively to be considering the dismissal of indictments pending here in federal court which some operators have declared have made impossible any wage conference that would end the coal strike which began April 1.

It could not be learned before Mr. Daugherty's arrival whether any new action was contemplated in the present suspension of coal mining, the officials asserting they knew nothing of the visit.

The Attorney-General, however, was expected to confer with local federal officials in regard to the indictment pending against 22 coal operators, union leaders and others on charges of conspiracy to violate the Sherman anti-trust law.

The Attorney-General's mission was kept secret and he refused to state its purpose, declaring he could say nothing "until investigation of the purpose of my trip is complete, and I am satisfied that any action is right."

Mr. Daugherty, it was learned, was scheduled to have a conference during the afternoon with Federal Judge A. B. Anderson before whom is pending the indictment charging 22 coal operators, union leaders and others with violating the Sherman anti-trust law by a conspiracy to monopolize the industry and control prices.

LEWIS SEES GAINS

Indianapolis, April 10.—The second week of the nation-wide suspension of work by coal miners got under way today with the union organizations still presenting an unbroken front and the situation in non-union fields becoming more favorable to the union cause, according to a report expressed by John L. Lewis, president of the United Mine Workers.

DECREE HITS MINERS

Charlottesville, Va., April 10.—Union members and officers were forbidden to interfere with free competition among men working in the coal industry of West Virginia and sent colonies of strikers in Mingo county were not to be maintained after 30 days under a temporary injunction issued by Judge George McCintock, in United States District Court here today.

The injunction addressed to various international and district No. 17 officers of the United Mine Workers of America and to all officials and officers of that organization was issued on petition of the Borderland Coal Company and 62 other West Virginia and Kentucky operators.

ACCOUNTING OF
ALIEN PROPERTY
GIVEN SENATE

Final Disposition of Property Expected to Have Bearing on Economic Status

Washington, April 10.—An accounting of the \$27,000,000 worth of enemy property held by the government was given the senate today in a report, the first compiled since February, 1919, filed by alien property custodians. Thomas Miller in response to a resolution by Senator King, Democrat, Utah.

"The final disposition of the property," Mr. Miller says, "will undoubtedly have a direct bearing on the economic relations between this country and Europe with particular reference to the late enemy powers."

Discussing the \$15,000,000 of American claims against Germany Mr. Miller recalled the terms of the Knott-Porter peace resolution indicating that no disposition should be made of enemy property held by the United States until the German government had satisfied American claims.

He asserted that Congress must evolve some plan whereby claims against Germany may be legally adjudicated.

GERMAN WAR
LEADER DIES

Berlin, April 10.—General Erich von Falkenhayn former minister of war, and one time chief of staff of the German army, died near Potsdam.

STARTS JOURNEY
TO ARCTIC SEAS

Central Park, N. Y., April 10.—Captain Roald Amundsen, Arctic explorer, hopped off in an all-metal monoplane for Cleveland, on the first lap of a trans-continental flight which eventually will take him to Seattle, Washington, where he will leave June 1 for a drifting voyage in the North Polar regions.

COLLINS FEARS
CIVIL CONFLICT
WILL BREAK OUT

Head of Irish Provisional Government Says Only Miracle Can Avert Civil War

FEAR AN EASTER UPRISING

British Soldiers in Dublin For First Time Since Truce Cause a Sensation

Dublin, April 10.—(By the Associated Press)—Michael Collins, head of the Irish provisional government, in an address yesterday, declared that unless there was an immediate change in the tactics of certain of the people "it looks as if civil war can be averted only by a miracle."

FEAR EASTER UPRISING

London, April 10.—(By the Associated Press)—There is grave fear in well informed circles both in England and Ireland that extremist Republicans in Ireland will observe the anniversary of the 1916 anti-British Easter uprising with an attempt to replace the provisional government with a Republic.

BRITISH SEND SOLDIERS

Dublin, April 10.—(By the Associated Press)—British military foot soldiers fully armed appeared in the streets of Dublin yesterday for the first time since the creation of a truce in Ireland. Their presence caused a sensation.

POLICE BARRACKS ATTACKED

London, April 10.—(By the Associated Press)—The police barracks at Broadford, county Clare, occupied by official Irish Republican army units were attacked at 2 o'clock this morning, says a dispatch from Limerick. There was an exchange of fire for a considerable time, the besieged fort refusing to surrender.

PRO-TREATY SPEAKER MOBBED

Tulmore, Ireland, April 10.—(By the Associated Press)—George Gavin Duffy, minister of foreign affairs in the Dail Eireann cabinet, was seized by a crowd of young men and women and dragged from a platform on which he was making an address at a pro-treaty meeting before a large gathering here yesterday.

UNION STRIKE
WILL BE TAKEN
UP BY GOMPERS

Meeting of Labor Leaders Is Scheduled For Chicago To Consider Action

Chicago, April 10.—Samuel Gompers, president of the American Federation of Labor, who is expected here today to attend the opening meeting of the Railway Employees department of his organization plans to remain until Wednesday when he will preside at a general conference of labor union leaders. The coal strike will be discussed.

SOCIALIST AID ASKED

Chicago, April 10.—Members of the Socialist party were called upon in a letter today sent out by the National executive Committee "to render every possible aid to the striking coal miners."

"We urge our members in the strike zone," the letter says, "to place themselves at the service of the local unions of the miners. Where they can render picket duty or serve in gatherings or distributing relief they should do so."

"The mine-owning aristocracy regards the present as an opportune moment to destroy the miners' union."

HEAD OF SOO
LINES TO QUIT

Minneapolis, April 10.—Edmund Pennington president of the Minneapolis, St. Paul and Sault Ste. Marie railway since 1909 and connected with the Soo Line for 25 years, announced today that he intends to resign soon. The exact date has not been determined, he said, but it will be in the near future.

BANK OF NORTH DAKOTA LOSS IS
\$150,475.64; STATE INDUSTRIES
CONDITION SERIOUS, SAYS REPORT

Bishop, Brissman Report Says That State Faces Bad Condition in Finances of Industries, Which Have Sustained Loss of \$653,000, and Which Loss, It Is Said, Is Certain to Grow Materially with the Settlement of Accounts of Bank of North Dakota

The Bank of North Dakota showed a book deficit of \$150,475.64 on December 31, 1921, with certainty that further losses will increase the total to several hundred thousand dollars, according to the audit report of Bishop, Brissman and Company, to the Industrial Commission, made public today.

Every state industry is shown to have suffered a heavy loss, in a consolidated report on the activities of the Industrial Commission. The book deficit as of December 31, 1921, is placed at \$653,993.28, which corresponds closely to the figures of Lewis F. Crawford, secretary of the Industrial Commission, made in his annual report on February 1.

What is termed by the auditors a "serious condition" is reflected in the finances of the state industries. Demand liabilities, it is stated, are \$1,784,421.44 in excess of current or demand assets.

The consolidated report of the industries under the control of the Industrial Commission reflects the following outstanding features:

1. Total book deficits are: Bank of North Dakota, \$150,475.64; Mill and Elevator Association, \$187,194.17; Home Building Association, \$159,974.74; Industrial Commission, \$156,348.73—total \$653,993.28.

2. Current or demand assets of the combined industries are \$2,349,903.12 which the current or demand liabilities are \$4,134,324.56, the excess of demand liabilities being \$1,784,421.44.

3. Appropriations by the state totalling \$449,374.45, consisting of contributions from the general tax levies for the operation of the Home Building and Mill and Elevator Association, and Industrial Commission, have been entirely dissipated. This amount, a book deficit of \$204,818.33, together with the additional and ultimate depreciation and losses, must necessarily be contributed from the general tax levies, the report states.

4. A very great shrinkage in several million dollars of assets in the Bank of North Dakota will result from final settlement of affairs with closed banks and liquidation of other paper.

5. A total of \$263,219.58 interest is due the Bank of North Dakota and unpaid, of which \$163,067.19 is interest accrued but not paid on farm mortgages.

6. Expenditures in the bond campaign of the Nonpartisan league administration amounted to \$268,110.47, and all of the expense cannot be accounted for. This includes \$3,000 commission paid George T. Webb. The minutes of the bank finance committee show this transaction as of June 18, 1921, but testimony was given and jurors the minutes actually were written November 23, 1921, the day the Nonpartisan administration went out of office and dated back on orders of F. W. Catbro.

Bank Situation.
The Bank of North Dakota, the report shows, constitutes the most serious situation in the finances of the industries. In addition to the losses reported and which will ultimately result, two deals of unusual character are reported by the auditors.

One of these is to the effect that money of the Bank of North Dakota was used in the deal for issuance of new stock in the now defunct Scandinavian-American Bank of Fargo. The report states that among the assets of the Bank of North Dakota is listed this account: "Peoples State Bank, Casselton, Redeposit of \$77,062.46."

The audit report says: "The verification received from the Peoples State Bank, Casselton, advises a balance of \$31,059.23, and they submitted the following explanation:

"We hold \$42,225.00 of notes given for new stock in the Scandinavian Bank of Fargo and which were taken on by us upon the assurance of the Bank of North Dakota that they would be covered with redeposit and that the redeposit account would not be drawn against until the notes were taken off our hands. See correspondence in files there. We have charged the notes and interest to the redeposit account."

The audit report adds that "a search was made of the correspondence files of the Bank of North Dakota but no correspondence was found relating to the said redeposit."

Say Books Dated Back.
Regarding the George T. Webb account the report states: "The Commission of \$3,000 paid to Geo. T. Webb November 23, 1921, was returned to the Bank of North Dakota in payment of an apparent overdraft in the Special Account, and the Bank in turn issued a Cashier's Check to Geo. T. Webb in the amount of \$146.50 to balance the account."

A letter was found, in which F. W. Catbro, then manager of the bank, promised to pay Webb a commission of \$3,000 bonus if bond sales of over \$1,000,000 resulted from his efforts.

The audit report adds: "The Minutes of the Finance Committee under date of June 18, 1921, contain an entry authorizing the payment of the commission to Geo. T. Webb of \$3,000.00, but Mrs. Nellie Marr, clerk of the Finance Committee, informed us that these minutes were written November 23, 1921, and dated back to June 18, 1921, on instructions of Mr. F. W. Catbro, then director general and manager of the bank."

Total expenditures made by Webb in the bond sale campaign were \$102,197.96. Vouchers for all expenditures could not be found in detail, the report says.

Discussing conditions which show a leaf from Christmas decorations is preserved in Yorkshire, Eng., as a remedy against toothache.

DR. KROEZE
SAYS "TOIL IS
A BLESSING"

President of Jamestown College
Addresses N. D. State
Teachers' Association

NORTHEASTERN DIVISION

Valley City, N. D., April 8.—Emphasizing the leadership of the men in America who had risen to positions from the ranks of the poorer peoples, Dr. B. H. Kroeze, president of Jamestown College, stressed the place of hard work and a definite ideal before the Northeastern Division session of the North Dakota State Teachers' association here. Dr. Kroeze was one of the concluding speakers in a day of exceptional activity and many meetings among the visiting teachers.

The speaker's first theme was the development played by poverty in the scheme of life, or the history of life. He presented many instances of great men who have risen from humble origin and circumstances; that men who have risen from poverty have enriched all the useful departments of life; that the sterling coin of character had issued from the most unenviable department of the human mint. He depicted the fascination of the life of the man who has been the architect of his own fortunes; the triumph of the drooping spirit driven to the great discoveries and scientific research—the school of stress out of which men grow.

The "Overwork theory" is too much overworked today, Dr. Kroeze declared. "Toil is a blessing and the source of all honor," continued the speaker. "The curse of modern civilization is the passion to get much for little; to get something for nothing; the bane of modern society is to have soft hands and pressed clothes; the riot passion to live on the labor of others rather than to earn an honorable living."

The so-called practical utilitarianism of modern education is turning out seekers after soft snaps, continued the speaker. The people move along the lines of least resistance with all the attendant disasters. Youth need not be embarrassed by circumstances where the virtues of greatness are fostered, Dr. Kroeze declared.

The men who learn to place an accurate appraisal upon life, the men who catch the vision of the real worth of humanity, are the men who climb to the grandeur of life. Lincoln had this insight and he appraised men by saying that God must love the common people because he made so many of them. "He loves them," continued the speaker, "because he planned a world of common people that the world might be a democracy of true men, patriotic in heart, princely in character, superb in manhood and power. Man's divine appraisal is the stimulus to develop and succeed; no human being was ever born to be untrained, undeveloped; the savage is untrue to human; everything that has in it the possibility of growth fails to attain its end, if that growth is cut off, be it a grain of wheat, or an animal, or a tree or a child. As Emerson says, 'A boy is better unborn than untaught.' We measure all life by its capacity."

"Silent Oakland"
Being Purchased
By Thousands

The new Oakland 6-44 models have been termed the "silent Oakland" by thousands of those who have purchased these new models. Every feature of these new models has been designed with the view of obtaining just this silence. It is de-

clared that noise in automobiles is caused by just two things, the rubbing together or friction of two metals, and ill-fitting parts. Consequently, silence indicates the absence of these two annoying causes or perfectly-fitting, perfectly-working mechanism. The use of the adjustable silent Morse chain in place of timing gears is a most important change in the motor. It is of the latest type and highest-class for this purpose. The Morse chain drives the camshaft and generator.

The cylinders are accurately bored and machined. Then they are honed to perfect smoothness. This process, unique with Oakland, consists of honing stones revolving as they move slowly up and down within the cylinder walls, giving perfect wall finish.

Pistons are made of aluminum alloy, which is much lighter than cast iron. Vibration has been practically eliminated. The two piece oil-sealing piston rings check oil pumping and add to the smoothness of operation. It is this feature which has enabled the Oakland Motor Car Company to issue its 15,000 miles guarantee on these new models on what is popularly termed "oil pumping."

The strong 6 1/2 inch frame of these new models is of pressed steel braced by four large cross members to eliminate all frame rattle. Full quietness is further obtained by the full floating rear axle, equipped with spiral bevel gears. The front end of body or dash is of wood instead of metal, in order to reduce vibration.

The lubrication system which is forced feed and splash system, guarantees proper oiling at all speeds and under all conditions.

Studebaker Cars Show
Record Sales Increase
In California In 1921

8,240 Studebakers Sold Last Year as Compared With 4,499 in 1920, an Increase of 83 Per Cent.

The part played by the state of California in making 1921 a Studebaker year is shown in detailed figures of car sales just received here by C. Bertsch, the Studebaker dealer.

The report, issued by Motor Registration News of California, shows that 8,240 Studebakers were sold in that state last year as compared with 1,128 by the next largest exclusive manufacturer of sixes. In fact, among all makes, Studebaker sales were the largest with the exception of the two lowest-priced makes of four-cylinder cars.

Equally noteworthy is the fact that Studebaker sales showed the biggest per cent of increase over 1920 of any make, a gain, to be exact, of 83 per cent. Sales of 8,240 Studebakers in 1921 compared with 4,499 in the previous year.

"In 1920 sales of Studebaker cars were 4 per cent of the total number of cars sold in California, whereas in 1921 they were 8 per cent," said Mr. Bertsch. "Eliminating Ford and Chevrolet, Studebaker sold 16.3 per cent of the total number of new cars registered in California in 1921."

"For instance, reports for January show that 292 new Studebaker cars were sold at retail in New York City, as compared with 117 in January, 1921, an increase of 275 cars or 235 per cent. In Detroit retail sales were two and one-half as great as in January, 1921. Kansas City, Cleveland, Buffalo, Chicago and other points throughout the country also show big increases. The best comment I can make on these figures is that they speak for themselves."

Things are said to suffer more from sickness than any other animal.

Dance every Tuesday, Thursday and Saturday evenings at 8:30 at The Coliseum. 10 Cents per dance.

"THE BAT," MYSTERY PLAY COMING HERE,
SMASHES BOX OFFICE RECORDS IN CITIES

Scene from Wagenhals and Kemper Production "THE BAT" By Mary Roberts Rinehart and Avery Hopwood, at The Auditorium, Wednesday, April 12.

With every theatrical record in New York and Chicago, both for total attendance and for gross box office receipts to its credit, "The Bat," the sensational dramatic triumph by Mary Roberts Rinehart and Avery Hopwood, will be presented by Wagenhals and Kemper at the Auditorium on Wednesday, April 12.

The forthcoming appearance of "The Bat" in this city is, unquestionably, the outstanding dramatic event of the year. Without doubt, no play in recent years has been discussed quite so much in this city. The remarkable record for success, compiled

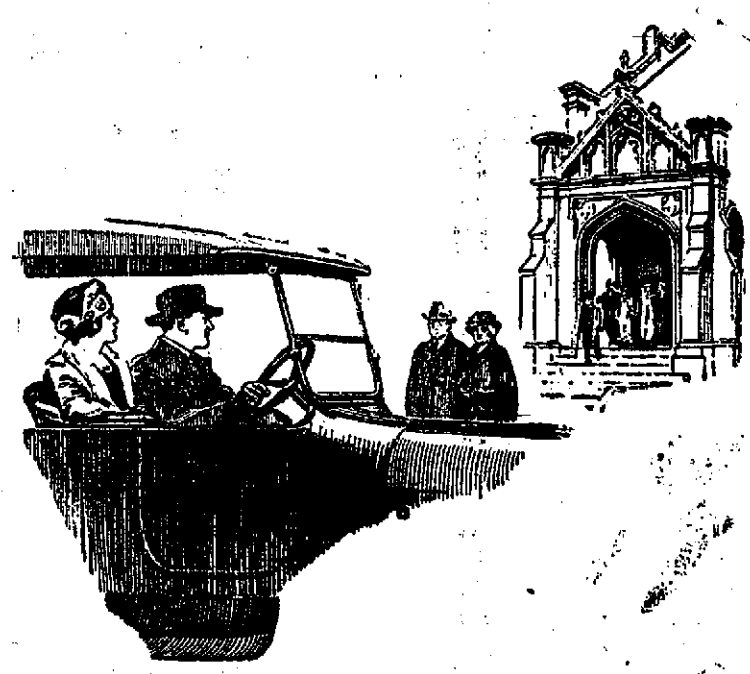

LAND OFFICE TO
ADOPT ONE CAR

A long series of practical tests, in which cars of almost every make and description were used, brought the United States General Land Office face to face with facts that left room for only one decision. That decision was to standardize on Dodge Brothers Motor Cars. The Land Office already has 34 Dodge Brothers cars in operation, having begun this standardization a number of months ago. Seventeen of the 34 are business cars and the others are special jobs used for heavier hauling. In the future, however, to quote from a letter written by Frank M. Johnson, supervisor of surveys, "the tendency will be toward the purchase of the light capacity (one-half ton) business car."

Mr. Johnson relates an interesting story of the transportation problems encountered by the land office. He is head of the field work for the Land Office, which is a division of the Department of Interior, and his territory covers the entire United States. There are 13 branch offices, most of them in the west, as the chief duty of the office is the surveying of public lands. Today most of this work takes the surveyors into the roughest and most sparsely settled sections, principally desert and mountains. Originally they used wagons and four-mule teams but as these became incapacitated they are supplanted by motor equipment. And as the present motor equipment ceases to give satisfactory service, it is being sup-

More Facts You Should Know!

Buick First Again
In Yellowstone Park!

Each year since Yellowstone Park was opened to automobile travel by the U. S. Government, more Buicks have made this difficult trip than any other car excepting Ford.

The figures for 1921, just announced, show 1871 Buicks passed through the Park during that season, 412 more than any other make.

The Yellowstone Park tour calls for every ounce of car performance—miles away from service for days at a time—the car must never fail. And that is why each year an increasing number of Park tourists depend on Buick.

Buick cars measure up to Buick reputation.

INDUSTRY BODY FUND DEPLETED IN BOND SALES

Commission is Left With \$35,000
Unpaid Bills and Depleted
Balance, Report Says

A DETAILED STATEMENT

Expenses of Bond Sale Cam-
paign and Other Expenses
Are Reviewed in Report

The present Industrial Commission was left the job of settling many of unpaid bills in the bond sale campaign conducted by the former league Industrial Commission, it is revealed in the audit of the Industrial Commission books by Bishop, Brissman and Company. Of a total of \$37,044 the former commission charged \$21,730.50 to the Bank of North Dakota; leaving the commission with \$35,214.26 unpaid bills on hand, and a badly depleted treasury.

The unpaid bills of the bond sale campaign, the total expense of which is fixed at \$226,119.47, include many bills of George T. Webb for which money was advanced by the Bank of North Dakota, advertising in the Nonpartisan Leader, telegraph, advertising and other bills.

The appropriations for the Industrial Commission, made from the general revenues from taxation, had amounted to \$225,000 on Dec. 31, 1921, the report shows, of which there was left about \$98,000, not including unpaid bills.

A detailed statement of the expenses incurred by George T. Webb in the bond sale campaign is shown in the report. The Bank of North Dakota placed a total of \$104,670.82 to Webb's credit in a Chicago bank from April to November, 1921. Cancelled checks for the withdrawals made by Webb are missing.

How Withdrawals Made
Webb maintained offices in Chicago and New York for the purpose of publicity in the interest of the bond sale, it is stated. The Bank of North Dakota established a "George T. Webb Special Account" with the Merchants Loan and Trust Co., Chicago, Ill., and made the first deposit on April 1, 1921. The audit report then says:

"Withdrawals on this account were apparently made by checks drawn by Geo. T. Webb. No such cancelled checks were produced for examination or found on file in the office of the Industrial Commission or the Bank of North Dakota. The Merchants Loan and Trust Co. advised us that the cancelled checks were returned to Mr. Webb.

"The method of handling this bank account was that the Bank of North Dakota established a Revolving Fund of \$10,000.00, and Mr. Webb would submit vouchers to the Bank for expenditures made, for which Revolving Fund was reimbursed by the Bank of North Dakota. The Bank of North Dakota in turn would be reimbursed by the Industrial Commission."

The expenses of Webb, which included room and board, telephone, statement of expenses at the Biltmore Hotel, New York, totalling \$2,370.47 from May 5 to October 4. For the week ending May 5 it cost Mr. Webb \$121.77 at the Biltmore; for the week ending May 16 it cost him \$424.10 the record shows, while expenses for other weeks are for amounts varying greatly, most of the weeks' expenses being above \$100.

"Commissions" on the sale of bonds were made to many parties, it appears. Among the payments were Horace A. Davis, New York, \$30,000 paid by check by Mr. Webb from his special account; Herbert L. Bigelow Cincinnati radical preacher, \$1,535.47, J. J. Hastings, former financial secretary of the Nonpartisan league, now under arrest on a charge of embezzlement, \$2,000; Leslie Simpson Dickinson attorney, \$250 Entertainment, taxis and other similar bill are included.

The Equitable Company, which, according to a previous report, rewrote the records of the Mill and Elevator Association, also apparently rewrote the records of the Industrial Commission. The audit report says:

"Under the caption of general expenses is item of Equitable Audit Co. \$250.00 and apparently covers the rewriting of the Industrial Commission records. Two journals were found in the office of the Industrial Commission. One journal covered the transactions for the years 1919 and 1920 and appeared to have been originally maintained by the office of Industrial Commission; and the other journal covered the transactions from the beginning (1919) to the latter part of 1921, and in this journal, we were informed by Mrs. L. W. McGinness, stenographer, the transactions were written by the Equitable Audit Co."

A complete statement of the expense of the senate investigation conducted by the legislature last year, the expense being met by the Industrial Commission, is shown in this connection there are many here who recall the statement of Senator B. F. Baker, the Nonpartisan league candidate for Governor, made on the last night of the legislative session, that the senate investigation would cost nothing.

A total of \$7,482.29 was paid out in this investigation. Many of the bills incurred in the house investigation are unpaid, because of failure of the legislature to appropriate money and refusal of the state auditor to recognize the house right to spend money for the purpose.

The senate audit committee, expense included: proof-reading, \$1,254.00, reporters service, \$480.00, stenographer service, \$40.00; transcripts, \$2,912.56; other expenses, \$265.07; legal fees, E. R. Sinkler \$1,227.39; witness fees, \$100.00; stationery and supplies, \$115.22; salary, C. K. Gummerson, former reporter Courier-News, \$240.00; salary of Rex Large, formerly with Minneapolis league paper, \$533.33; expenses \$315.62.

Appropriations for the Industrial

Rev. C. E. Hetzler, Christian Endeavor field secretary of West Virginia, will address a meeting at 8 o'clock in the Presbyterian church this evening.

Everybody is invited to hear him, and especially all young people. He is very interesting and well worth hearing. Rev. Hetzler will talk on the "Four Square Program of Christian Endeavor."

BANK OF NORTH DAKOTA LOSS IS \$150,475.64

(Continued from Page 1)
losses deemed certain to result to the Bank of North Dakota, the audit report says:

"The Bank of North Dakota, Assets from Interest credited to Earnings but not Collected, of \$263,219.58, includes interest accrued but not collected on Farm Mortgages of \$163,571.19. We understand that as the Mortgages are delivered to the State Treasurer the interest coupons are collected by him and used in the payment of interest of the Real Estate Bonds and if the Bank of North Dakota fails to recover this interest, which is carried as an Asset, the Book Deficit of the Bank will be correspondingly increased.

"Also the Assets of the Bank represented in transactions with the Closed Banks, Loans and Discounts; (deposits); Overdrafts; Farm Loan Special Deposits; Special Collections and Receivers' Proofs of Claims; in all amounting to \$1,682,765.57, are all affected at face value, and the very material losses which will be sustained in the final liquidation of these Assets will equally increase the Book Deficit."

Illustrative of the shrinkage to be sustained in these assets the auditors call attention to the account of the Scandinavian American Bank, Fargo, now defunct. Loans and discounts of the Bank of North Dakota amount to \$128,735.51; deposits, \$235,093.20, verified, \$17,615.29; totalling \$356,748.00.

Sees Heavy Future Loss
Further the report says: "Assets of the Bank of North Dakota of Loans and Discounts, Open Banks, Corporations and Individuals of \$1,290,815.70 and due from 'Country Banks' of \$1,58,712.49, and all of the Assets, are stated at full face value. A large amount of the Loans are represented in renewal paper. It is apparent that a considerable amount of the assets will be slow of liquidation and realization and considerable ultimate losses sustained will greatly increase the said Book Deficit."

In summing up the situation the audit report continues: "You will observe the serious condition reflected by the fact that the Demand Liabilities are \$1,751,421.44 in excess of the Current or Demand Assets. After adding thereto 'Other Realizable Assets' and Loans and Discounts of Open Banks, Corporations and Individuals, and deducting therefrom the Time Deposit Liabilities, the Liabilities exceed the Assets by \$1,795,676.10. Adding thereto the Frozen Assets—Transactions with Closed Banks of \$1,682,765.57, and Fixed Assets, represented in the Construction account of the Grand Forks Mill, the Drake Mill and Furniture and Fixtures and automobiles of the various enterprises, the Statement reflects Net Assets at face value of \$794,544.25 to cover Capital Liabilities of \$1,448,777.53, resulting in a Book Deficit of \$653,993.28."

Learn a Word Every Day

Today's word is INSURGENT. It's pronounced—in-sur-jent with accent on the second syllable.

It means—A revolutionist, a rebel, one who opposes a government or system.

It comes from—Latin "insurgere," to rise up.

It's used like this—"Insurgents are attempting to upset the present regime in Ireland."

A Thought For Today

See that ye walk circumspectly, not as fools, but as wise, redeeming the time—Ephesians 5:15-16.
What is meant by "redeeming time"? It is to fill the hours full of the richest freight, to fill them with the life of thought, feeling, action as they pass by. One moment of self-conquest, one good action really done yes, one effort to do right, really made, has the real of time put upon it—James Freeman Clarke

WESTERN FARMERS TO GET HIGHEST TARIFF WALL PROPOSED IN CONGRESS

Western Interests Receive Benefits at Hands of Senate Finance Committee, According to Senator Capper, Kansas, Republican, Who Sees New Era of Farm Prosperity Assured by the Committee's Stand

Washington, April 10.—In the opinion of Senator Arthur Capper (R.), of Kansas, agricultural interests will be granted the highest protective rates as a whole ever produced by any Congress, in the new tariff bill as it emerges from the finance committee, of which Sen. Porter J. McCumber, Republican, North Dakota, is chairman.

With hides back on the dutiable list, wheat protected by a rate of 30 cents a bushel on all importations, and wool bearing a duty that is almost to be regarded as an embargo, Senator Capper believes that agriculture is about to enter a period of new prosperity.

The tariff bloc met its match in the big soap lobbies maintained in Washington to fight the attempt of western farmers to impose high duties on vegetable oils, which enter largely into the manufacture of soap and such products. Senator Capper declared an attempt would be made on the floor of the Senate to increase these rates which are in nearly every case considered lower than those demanded by the tariff bloc.

Hides on Dutiable List
On butter, eggs and corn the rates conceded by the Finance Committee range from 1 to 2 cents lower than those demanded by the agriculturists, but even so they are being kept at the level contained in the Fordney bill.

Green and dry hides, admitted under the free list in the Fordney bill, will bear a 5 per cent ad valorem duty when the bill is reported to the Senate. It is inevitable that this will precipitate a hard fight in conference between the two houses should the Senate back up its committee.

Cotton schedules suffered at the hands of the Senate Committee, perhaps due to lack of influence on the part of southern Democrats. While the proposed rates are about the same as in the Fordney bill, Senator Capper said a determined fight would be made to afford southern growers a greater degree of protection. Long staple Egyptian cotton is made dutiable at 7 cents a pound, as in the emergency law. A rate of 15 cents was asked. Short staple cotton, for which a duty of 15 cents a pound was demanded, would be admitted under the free list.

A rate of 33 cents a pound on wool of "clean content" will raise a virtual embargo, despite the fact that the tariff bloc insisted on 45 cents, which is the duty in the "emergency tariff" law. While a higher rate, of course, would be more to the liking of wool growers, it is believed the proposed duty will provide a sufficient wall to keep down importations of Argentine and Australian wool.

POETS' CORNER

THINK THIS OVER
When someone stops buying,
Someone stops selling,
When someone stops selling,
Someone stops making,
When someone stops making,
Someone stops earning,
When everyone stops earning,
Everybody stops buying,
Then the bread line—and no bread.
Don't let business slow down
To the bread line.
Buy what you need
So others can buy
What you produce.
BUT—
When people start buying
Things that they need,
Then supply wakes up
And runs with Demand—
Sellers start selling,
Makers start making,
And earners start earning
Everybody gets busy;
Money circulates;
The business drouth ends—
That's the way
Prosperity comes
To everybody.
Don't lock the door on
Prosperity;
Buy what you need
So others can buy
What you produce.
—H. L. Ruggles.

MANDAN NEWS

Methodist Church Is Dedicated At Services Sunday

RAISE \$10,000.
Nearly \$10,000 was raised at the dedication of the new church, virtually making it debt-free. Much enthusiasm was manifested by the members of the church. Bismarck people who attended the dedication returned enthusiastic over the building and the success of the congregation. A double quartette from Bismarck furnished music.

The dedication services for the new Methodist church in Mandan were held yesterday. A dedication supper was given at the new church Saturday evening and meetings had been planned for all day Sunday.

At the service yesterday morning Rev. Vermilya brought the official greetings from the board of home missions who had allotted \$15,000 aid to the building of the church. Bishop Burns delivered the morning address and a splendid musical program was given.

The dedication services were held at 2:30 o'clock yesterday afternoon. The board of trustees officially presented the key to the church to Bishop Burns. Bishop Burns delivered the dedicatory address.

The new church has now been practically completed, and while there is still some work to be done, the edifice is ready for continued use. The interior of the new building is beautifully and artistically finished in a Tudor-Gothic effect, the ceiling is in old ivory, the side walls a mottled green and the trim is in a mixed water green and gold. Pews conform to the general architectural style of the church.

Plans for the new church were launched about two years ago, and members of the congregation, the trustees, and Rev. Thatcher and Rev. Harris have worked unceasingly since to realize their ambition of a church building of such a splendid type, adequate for the local needs for many years to come.

The members of the local board are: Grant Palmer, president; A. A. Helmsworth, secretary; Frederick Mason, W. P. Borden, J. E. Tipper, R. S. Johnstone, Fred Mitchell, Adolph W. Schaeffer and A. K. Pierson.

Grant Palmer is president of the building committee, Adolph Schaeffer, treasurer, Frederick Mason, secretary, and the other members are W. P. Borden, R. S. Johnstone and J. E. Tipper.

Other officers of the church are: Stewards, Arthur Clark, president. Roy Roberts, treasurer; Mrs. R. S. Johnstone, A. W. Kuebler, Mrs. Arthur Keebler, Fred Fred Mitchell.

Mrs. Roy Roberts, Mrs. J. F. Allen and Mrs. J. G. Nead.
Mrs. W. R. Thatcher is communion steward; A. W. Schaeffer, superintendent of the Sunday school, Mrs. J. G. Nead, president of the Ladies Aid; Mrs. Roy Roberts of the W. F. M. S.; Miss Nanette Herington, president of the Epworth league; Miss Adolph Schaeffer, superintendent of the Junior league; Fred Mitchell, centenary treasurer.
Lay preachers include Ira J. Seitz, Arthur B. Claussen, R. S. Johnstone, A. W. Schaeffer, Grace Bush and Agnes Etherington.

Miss Ruth Renden returned Saturday from Northfield, Minn., where she is attending Carlton College, and will visit at her home here.

Dr. L. G. Smith left yesterday for Minneapolis where he will attend the clinic held there the fore part of the week.

Regular meeting Bismarck Chapter No. 10, tomorrow night at 7:30.

MUSICAL INSTRUMENTS FOR SALE—Alto saxophone, E-flat clarinet, violin, xylophone, Deagan orchestra bells, child's violin three snare drums, complete outfit of trap drums and accessories, 500 dance and concert orchestra numbers. All will be sold at a very low price for cash. F. H. Hurley, 900 Eleventh St. Phone 616M.

CHILD WELFARE WEEK STARTS MAY SEVENTH

Officers of the Federation of Women's Clubs Working Hard To Make It Success

PROCLAMATION IS ISSUED

Clubwomen of North Dakota are promoting a child welfare week which has been proclaimed by Governor Nastes for the week beginning May 7th. Officers of the Federation of Women's Clubs of the state are actively at work to make this week the most important one in the movement of the development of the youth of the state.

It is proposed to go into as many of the communities of the state as it is possible to reach with baby clinics, explanation of diseases and defects of childhood, baby shows at the health standards shall be paramount, presentation of affairs of oral hygiene and the thousand and one things attendant upon the realization of baby health.

The proclamation of the governor, announcing the week as the one for the promotion of child welfare in the state follows:

PROCLAMATION
Child Welfare Week.
WHEREAS, the future welfare of our state and country depends so largely upon the education, conservation and of health, and development of the growing generation, and
WHEREAS, the proper physical care of the children from birth until young manhood and womanhood is reached is of the utmost importance, determining the character and value of the development to fit them for citizenship and the duties of life, and
WHEREAS, in the exercise of this care it is essential that the parents, the teachers, and the children themselves—after they have come old enough to understand—are made acquainted with the need and value of caring for their bodies, and especially the proper care of their teeth, eyes, and other organs, and
WHEREAS, it seems of the greatest importance that every agency interested in Child Welfare, and in the development of the growing generation should combine in a week of effort wherein the need of this care should be emphasized.

NOW, THEREFORE, I, R. A. Nastes, Governor of the State of North Dakota, do hereby proclaim and set aside the week beginning May 7th as Child Welfare Week and urge that during that week the fathers, mothers and teachers of this state, join with the women's clubs, doctors, dentists, nurses of our state, in a concerted movement to promote the welfare of the children of our state, and thereby insure their health and prosperity.

Done at the State Capitol at Bismarck, North Dakota on this thirty-first day of March.
By the Governor,
THOMAS HALL,
Secretary of State.
R. A. NASTES,
Governor.

No Special Purpose Taxes Paid In Eight Counties

Typifying the fortunate nation without a history, taxes are not collected in eight North Dakota counties for any special purpose. The counties are Billings, Grant, Kidder, Logan, McIntosh, Oliver, Rolette and Steele. One additional county, McKenzie does not have a town, village or city in which special taxes were levied during 1921.

The other forty-four counties are collecting 1921 taxes for some sort of special project by some one of the cities and towns. Hettinger having the smallest amount for some one of its urban organizations. Cass County was high, with a levy of \$267,455.07 for its villages, towns and cities.

Cass also leads the counties of the state with the largest amount of 1921 taxes levied for county special projects, \$122,642.72. Most of the special county taxes are for small amounts, as shown in the following amounts levied by each county:

Bottineau	\$11,726.62
Burleigh	1,051.31
Cass	122,642.72
Grand Forks	2,391.25
Cavalier	620.44
LaMoure	2,230.01
McHenry	3,249.62
McKenzie	42,436.87
Pembina	2,338.80
Ransom	236.43
Richland	4,224.75
Sargent	43,735.46
Stutsman	1,369.32
Trail	9,355.38
Walsh	469.33
Williams	26,809.20
Total	\$275,836.46

English Lecturers Find United States "The Clover Land"

London, April 8.—The reception accorded in America to Mrs. Margot Asquith, and other English lecturers this winter has prompted some gentle sarcasm at the expense of Americans and of the lecturers.

Mrs. Asquith's failure to identify Jane Addams evoked pointed remarks from the New York correspondent of the London Star who says that "if Jane Addams had lived in England Mrs. Woodrow Wilson would have known about her."

"Interviewed Mrs. Asquith has been delightful," he continues. "Her view of the yellow press was that it must be read by the Chinese. Was Lloyd George as popular as ever? 'Wonder,' said Margot, with a smile through her cigarette smoke which, by the way, is criminal in Kansas even for men."

Of the audiences, the Star correspondent says that instead of reading books for themselves they learn by ear. The results must be shallow," he

"SPOOK HUNT" TURNS NOW TO CALIFORNIA

J. W. CHARGE AND THE WAREHOUSE WHICH WAS FIRST TO BE BOMBARDED BY THE "GHOSTLY SHOWER."

BY GENE COHN
Chico, Cal., April 10.—The "Anti-ghostly ghost" has a rival in this little California city where almost daily rock showers have for several weeks mystified investigators.

Before the very eyes of investigators and spectators who have thronged here from every section of California, rocks of various sizes up to a small boulder appear "out of nowhere."

Vainly have the police of this and other cities attempted to ascertain the source of these "rock rains."

At first little attention was given the eerie rockfall. Small boys, using some sort of a hurling device, were blamed. But when all efforts to locate any catapult-like machine and when countless searchers witnessed the rocks falling even as they hunted—some being struck and injured—well, the matter ceased to be a practical joke.

Roofs Damaged.
The original showers fell upon the warehouse of J. W. Charge & Son, but later other roofs were visited. Much damage was done the Charge place, windows and shingles being broken.

City Marshal J. A. Peck, who has had from three to five men on watch, admits he is baffled. Fire Chief C. E. Tovea then tried out the department on the mystery and gave it up.

adds; but at least it means that in a very real sense this whole nation never leaves school. It is always trying to pick up knowledge but most of the knowledge is and must be superficial."

He calls the United States the "clover land" for English lecturers and says that agents there have done "an excellent wholesale trade in Philip Gibbs who usually come to America with some new European country in his pocket as a rule ruined, broadly speaking by the Big Four. Ladies listen to him with rapt attention and unwrapped shoulders. It is generally believed that he is the only Knight of the Garter too modest to wear it.

"Oliver Lodge was the smartest of all visitors for he talked not only about the old world and the new world but about the next world on which he established a monopoly. Whenever he wandered, therefore, he found the streets paved with gold."

G. H. Chesterton was referred to by the correspondent as "our biggest consignment" and John Galsworthy was reported as quietly meandering among universities while H. G. Wells was credited with a certain sensitivity which restrained him from undue mixing.

Little Ones Pinned Their Faith In God—Prayers Answered

El Paso, Tex., April 10.—Fifty little girls and a half a dozen nuns in the Sacred Heart Orphanage near this city believe implicitly in God and believe that He will answer the prayers of the little ones. Many persons vouch for this story of the answer to their prayer.

Clothes, food, soap and other necessities are often needed at the orphanage. The institution depends entirely on voluntary contributions.

Recently there was no bread at the institution, according to Mother Paz, head of the orphanage. There were two cows on the place, she said, but the hungry children cried for some nourishment other than milk, she said.

In the evening Mother Paz called everyone into the chapel and announced a prayer for food. On bended knees the children and nuns joined in prayer. The children, disheartened, went to bed following a full hour of prayer. They did not stay there long, however.

Soon after the last "Now I lay me down to sleep" had been said a truck backed up to the rear door of the orphanage. Mother Paz saw it and offered a prayer of thanksgiving, then woke the children and served supper. The truck was loaded with food, including 200 loaves of fresh bread.

After a hearty meal the children offered thanks. The driver of the truck did not tell who sent the food. He

U. S. HAS OVER 83 P. C. WORLD'S MOTOR VEHICLES

Out of a Total of 12,588,969 the United States Has 10,505,660

New York, April 10.—More than 83 percent of the 12,588,949 motor vehicles in use in the world are in the United States. With 10,505,660 in this country and 961,030 in the other English-speaking countries there are left only 1,122,030 for the rest of the earth.

Divided into continental classifications, the world registrations of motor vehicles are: North and South America, 11,622,110; Europe, 1,110,996; Asia, 134,730; Oceania, 125,281; Africa, 65,832. Registration in Spanish-speaking countries aggregates 241,534.

These statistics were gathered by Automobile Industries Others from the same source show that countries in which motor vehicles are most numerous are, in order: United States, 10,505,660; Great Britain, 1,975,882; Canada, 488,448; France, 235,146; Germany, 91,384; Argentina, 75,000; Australia, 73,900; Italy, 33,000; India, 45,983; Dutch East Indies, 45,000; Spain, 37,560; New Zealand, 37,500; Russia, 35,000; Belgium, 33,200; Union of South Africa, 26,468; Brazil, 25,000; Mexico, 25,000; Denmark, 22,260; Cuba, 20,000; Switzerland, 18,011; Austria, 16,350; Norway, 14,350; Sweden, 14,250; Holland, 13,500; Philippine Islands, 12,351; Japan, 12,260; Algeria, 12,000; Poland, 10,700 and Chile, 10,600.

There are motor vehicles everywhere however. The Malay States have 8,000; Turkey, 5,500; Egypt, 5,084; Czechoslovakia, 4,133; the Gold states, 3,500; Morocco, 2,500; Siam, 2,187; Dominican Republic, 1,800; Hawaii, 1,500; British Guiana, 1,050; Canary Islands, 891; Newfoundland, 600; British West Africa, 568; Portuguese East Africa, 400; French West Africa, 230; Madagascar, 159; Italian Somaliland, 66 and even Mozambique, 35.

The province of Ontario, with 200,900 has nearly half the total for Canada while the prairie province of Saskatchewan with 63,370 leads the old province of Quebec by 4,000.

Miss Williams Talks For Towner Sterling Bill

Spokane, Wash., April 10.—Prospects for the ultimate passage of the Towner-Sterling bill have never been brighter than now, Miss Charl Ormond Williams, president of the National Education association said in an address before the Inland Empire Education association.

"This measure would create a federal department of education and provide aid to the states for the improvement of certain phases of education which are essential to good citizenship in both state and nation," she said. "If the bill could be brought to a vote today, I firmly believe it would receive large majorities in both houses."

If the bill does not pass this congress public sentiment has become so strong that it will become an important factor in the political campaigns in the various districts at the next election. The women of the nation have been working for a department of education for more than a generation. They are unitedly and enthusiastically backing this measure and intend to continue their support until it shall become law.

"No measure before the national congress in recent years has been indorsed and reinforced by so many organizations representing tens of millions of people who have given it their careful consideration."

Airplane Filled Ojibway Woman With Wonder

Sault Ste. Marie, Mich., April 10.—A droning airplane, cruising high over Sugar Island, fulfilled the wish that lay nearest the heart of Mrs. John Whalen—christened Wahsah-Ogeban-an-quet—a member of the Ojibway tribe of Indians who died recently at her home on the island near here. She was reputed to be 119 years old.

Mrs. Whalen had never been more than 10 miles from home, and she died within a stone's throw of the spot where she was born.

One day last summer, a seaplane on its way from lower Michigan to Batchewana Bay, winged its way directly above her lodge.

Children playing outside, called her attention to it, and with many exclamations of pleasure, the aged Ojibway watched the craft until it had disappeared in the distance. This was her topic of conversation for days, although her auditors were far more interested when Mrs. Whalen would relate great tales of the early days in Michigan; the bloody tribal conflicts; and all the century old folklore.

She spoke of the "Walk-in-Water" the first steamboat to appear on the Great Lakes in 1818 and would tell of the coming of the railroad, but all these things to her mind were trivial compared with the wonders of an airplane.

Of her eleven children, only two,

IN PEARY'S HONOR

and these beyond the allotted "three score and ten," are still alive.

Hotel Proprietors In France Are Heavily Taxed

Paris, April 10.—An effort was made to justify the rates charged by French hotels in the congress of the Association of French Hotel Industry held here. Some have asserted that these rates are so high as to have compromised the spring season on the Riviera and to be endangering the summer season for health resorts.

George Barrier, president of the association asserted that the cost of running a hotel in France was now 40 per cent higher than before the war and that hotel rates had not been increased in that proportion. He complained of the taxes imposed upon French hotel keepers and said that one hotel which paid 95,000 francs in taxes in 1914 was compelled to pay 2,088,717 francs in 1921. He gave many instances in increased costs in hotel operation, chief among which was the application of the eight-hour day and advance in wages demanded by hotel employees.

Feud Between Bavaria-Prussia May Be Renewed

Berlin, April 10.—The old feud between Bavaria and Prussia shows signs of breaking out afresh.

The Bavarian press complains of the presence of alleged Prussian spies in Munich. The Prussian Commissioner of Public Order categorically denies that he has any agents in Bavaria but the Bayrische Staat Zeitung maintains that Prussian espionage in Bavaria is continuous and that reports are being constantly forwarded to Berlin.

The Regensburg Anzeiger al-

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard-corn, soft-corn, or corn between the toes, and the calluses, without soreness or irritation.

so protests against Prussian interference in Bavarian affairs. This paper, the organ of Dr. Held, the leader of the Bavarian People's Party in the Diet, publishes a noteworthy article on the recently founded Monarchical League in Bavaria, saying:

"The great majority of the Bavarian Diet would certainly be on the side of a reformed monarchy. The republic exists only so long as he the monarchists think it expedient. The present system will perish of itself. Then will come a suitable moment for the reintroduction of the monarchy."

"Star of Armenia" Added To Flag Of Uncle Sam

Constantinople, April 10.—A conventional figure of a young American has been proposed for adoption as a sort of patron saint for the new Armenian nation. The original suggestion to this effect was made in a prose poem written by the celebrated Armenian writer, Sebuh Stepanian, and published in the Armenian weekly, Shavagh.

Copied and embossed and framed in scores of Armenian communities throughout the Near East, his picturesquely phrased composition reads in part:

"The Patron Saint of Armenia today is an energetic, active, athletic young person. He is rich, not only in purse but also in heart. He is our American uncle; his start is the emblem of his generous gifts."

"Thus there has been another star added to the starry flag of our American uncle, the Star of Armenia. We have bound ourselves as a nation to America, we have become in spirit an Asiatic state of the great United States of America."

Anatolia Looks Pretty Good To U. S. Capitalists

Constantinople, April 10.—Newspaper organs of the Nationalist government at Angora assert that some Americans are among the capitalist groups who have approached the government of Kemal Pasha to obtain concessions in Anatolia to exploit mines and forests, to obtain raw materials, introduce agricultural machinery and establish clothing and shoe factories.

The Minister of Public Works of the Angora government has informed newspapers there that American capitalists have proposed to construct two railway lines, one from Samoun to the Persian frontier, passing Erivan and Van and the other extending from Mossul to Bitlis. These offers, he said, had been accepted by the ministry but not finally authorized.

Some of the mining concessions now sought by the American capitalists, were granted by the Sublime Porte to nationals of France and Great Britain but the government of Kemal Pasha had annulled them.

Agents of European governments

here are anxiously watching the expansion of American influence in Anatolia which they consider a serious menace to their interests.

U. S. Relief Feed Hungarians Some 42,000,000 Meals

London, April 10.—Owing to the steadily improving food conditions in Hungary, the American Relief Administration has closed its offices.

Stocks sufficient to carry the relief work up to next June have been left for distribution by the local committee, whose president, Professor James Bokay, has sent the following cable to Herbert Hoover, chairman of the American Relief Administration: "Permit me to convey on behalf of this suffering nation its undying gratitude for the noble humanitarian work which America under your esteemed leadership has extended to us in our hour of need. May you be given strength for continuation of your great world leadership."

Since August, 1921, when the American Relief Administration started operating in Hungary, 42,000,000 meals have been served and the total value of food and clothing distributed amounts to \$1,205,629.

Social and Personal

Announcement Party Given For Miss Helon Breen

Mr. and Mrs. W. E. Breen, of near Bismarck, announce the engagement of their daughter, Miss Helon, to Roy D. Kennelly of Mandan.

Announcement Party.
Miss Mabel Breen was hostess at a dinner party in the private dining room of the Grand Pacific hotel on Saturday evening in honor of her sister, Miss Helon Breen, eldest daughter of Mr. and Mrs. William E. Breen, of near Bismarck. The novelty place cards announced the marriage of Miss Helon Breen to Roy D. Kennelly on May 8 at nine o'clock. Covers were laid for twelve girls, friends of the bride-to-be.

Helon Margaret Breen was born in Bismarck and attended the grade schools here and is a graduate of the Sacred Heart Academy of Fargo. She is the daughter of pioneer residents of the state and has many friends here. She is employed in the office of the Commissioner of Agriculture and Labor at the capitol.

Roy D. Kennelly was born in Mandan and attended the Mandan schools. He served in the army in France during the war and since then has been connected with the Mandan Beverage company.

The date of the wedding has been set for Monday morning, May 8 at nine o'clock, at St. Mary's Catholic church.

Harris Hustlers Entertain Guests

Over thirty young people were present Saturday evening at a party given in the McCabe Methodist church parlors by the Harris Hustlers.

A unique feature of the evening's entertainment was the unveiling of a huge cobweb. At the end of the thread each guest found a surprise awaiting him. Later the company was divided into groups for a guessing contest, one interesting feature of which was a musical romance. This was followed by the writing of progressive poetry and by other games.

At the close of the evening a dainty lunch was served.

WILL ADDRESS CLUB.
Miss Mary E. Downey, state librarian, who left for Fargo the latter part of the week, will address the Fargo Business and Professional Women's club at their meeting tonight. Miss Downey expects to be gone about a week and will visit the libraries of Wahpeton and neighboring towns while away.

COMMITTEE MAKES PLANS.
The committee in charge of the annual reunion of the Alumni Association of the Bismarck high school are making plans and preparations for the banquet and dance which will be held June 2nd. The class of 1919 are in charge, and they hope to make it one of the most successful reunions ever held.

MOTHERS CLUB MEETS.
The Mother's Social club will meet with Mrs. W. E. Perry at her home on Tuesday afternoon. Roll call will be answered by giving names of noted women musicians. Mrs. Schutt will read a paper on "The Universal Need of Musical Appreciation and How to Keep It in the Home."

IS TRANSFERRED.
J. S. Grimstedt, who has been representing the Emerson-Brantingham implement company in western North Dakota for the past two and one-half years has been transferred to a territory in southern Minnesota and will now make his headquarters in Minneapolis.

RETURN TO HOME.
Mrs. William Worm and Otto Worm of Lansing, Iowa, who have been visiting at the home of their daughter and sister, Mrs. A. J. Natlan of Eighth street for the past ten days, returned to their home this morning.

GIVE DINNER PARTY.
Mrs. Walter Stratton entertained at dinner at her home yesterday in honor of Mrs. E. N. Lundeen of Fergus Falls, Minn., who is the guest of Mr. and Mrs. George Ebert. Covers were laid for eight.

REHEARSALS THIS EVENING.
The ladies chorus of the Thursday Musical club will rehearse at 7 o'clock this evening at the Methodist church. The general chorus will meet at 7:30 for rehearsal at the Methodist church.

RETURNS FROM MEETING.
Miss Minnie J. Nielson, state superintendent of public instruction, returned Saturday night from Valley City, where she addressed a meeting of the Southeastern Teachers association.

MISSIONARY SOCIETY MEETS.
The Women's Foreign Missionary society of the McCabe Methodist church will meet tomorrow afternoon with Mrs. Harvey Harris at her home, 603 Seventh street.

LEAVE FOR WEST.
Mr. and Mrs. Eugene Gratton, of the Tribune apartments leave this evening for Helena, Mont., where they will visit for some time before leaving for California.

IMPORTANT MEETING.
There will be an important meeting of Bismarck Boy Scouts, Troop No. 3 at the Episcopal parish house this evening. All members are urged to be present.

GUEST FROM FESSENDEN.
Mrs. Buxton of Fessenden, N. D., is visiting in the city, a guest at the home of Mr. and Mrs. T. R. Atkinson, Avenue B.

ON BUSINESS TRIP.
E. V. Lahr, of the city left this morning for Fargo on a business trip.

WILL ADDRESS BOYS.
Commissioner of Agriculture and Labor Joseph Kitchen will address the

A SWISS DOT IS SOMETIMES SQUARE

When is a dot not a dot? When it's a tiny square, or a wee circle, or even a minute embroidered rosebud. They still call the fabric dotted Swiss, but the Swiss, unlike the leopard of Scripture, can and has changed its spots from plain dots to all sorts of adorable little designs. Not that no round dots remain, however. As a matter of fact, most of the spring Swisses are dotted as of yore. But the newer figure is noted in the finer grades of this ever delightful summer fabric.

Lovely covers abound, almost crowding white out of the running except for confirmation and graduation frocks. Blue with red, rose pink or green dots; soft reseda green with black or white dots; lavender with dark purple dots; brown with golden yellow dots, or vice versa; gray with the charming combinations, to be found in this season's Swisses, which make the most practical of hot weather frocks.

The organdie family gives every indication of its intention of taking an active part in American social life this coming summer.

Organdie, crisp and pert, is the flapper's own fabric. Nothing more becomes her, nothing so well brings out the slender grace of her young body, as this material. Indeed, only the slender, the young, the bright, should attempt to wear organdie. A stout woman in crisp outstanding organdie, is simply grotesque. And a faded skin above an organdie frock is very, very sad.

For summer party frocks, the dainty pastel shades are most loved. Orchid is as popular as rose pink, and cloe blue is another favorite. Yellow, in the new dent de lion shade, with a wreath of black-eyed Susans for a girdle, makes one charming organdie frock.

Organdie is much used to combine with dotted Swisses or printed cotton materials for the two-tones or two-fabric frocks so much in vogue just now.

Pioneer Boys at the high school at 7:30 o'clock tonight.

BRIDGE LUNCHEON GIVEN.
Mrs. E. T. Beatt entertained a group of friends at bridge luncheon at her home on Mandan avenue Saturday afternoon in honor of Mrs. E. D. Lundeen of Fergus Falls, Minn., a guest at the George Ebert home. The hostess had lunch on was served at tables attractively decorated in pink. Mrs. Carl Nelson won the prize for having the highest score at bridge.

MEET AT LUNCHEON.
The Convention committee of the Christian Endeavor Society of the Presbyterian church met with Rev. Fietzler, field secretary of West Virginia, who will speak at the Presbyterian church this evening, at 12:00 o'clock luncheon at the Grand Pacific hotel. Plans for the convention to be held here in May were taken up and discussed.

BISMARCK GIRL VISIT.
Miss Esther Taylor of Bismarck, who is a student at the University of Minnesota, is spending her spring vacation in Fargo visiting Miss Ethel Fleming, formerly of Bismarck.

RETURNS TO MENOKEN.
Clarence Register returned to Menoken, where he is working, this afternoon, after spending the week end visiting friends and relatives here.

OVER SUNDAY VISITORS.
Mr. and Mrs. George King of Wilton, and Mr. and Mrs. C. D. King of Menoken, were over Sunday visitors in Bismarck.

VISITING SISTER.
Miss Ellen Sauer of Washburn, spent the week-end in Bismarck visiting her sister, who is attending school here.

ROYAL NEIGHBORS MEETS.
The regular meeting of the Royal Neighbors will be held at the K. of P. hall tomorrow evening at 8 o'clock.

RETURNS TO BISMARCK.
Fred Wallace, of the city, has returned from Cedar Rapids, Iowa, where he has been visiting relatives.

VISITING FRIENDS HERE.
Miss Alice Funston of Boyd, was in the city Saturday and spent the day visiting friends here.

LEAVES FOR JAMESTOWN.
Judge Andrew Miller leaves this evening for Jamestown on federal court business.

FARGO VISITOR HERE.
J. F. Shea of Fargo, United States marshal, was an over-Sunday visitor in Bismarck.

HERE ON BUSINESS.
J. T. McGovern of Fargo, was a week-end business visitor in the Capital City.

HERE FROM DRISCOLL.
John H. Gundeen of Driscoll, was an

PRAISE FOR "PRAIRIE SMOKE" VOICED BY STUDENTS OF NO. DAKOTA HISTORY

Praise for "Prairie Smoke," the book of Dakota folklore, is being received daily from students of North Dakota history. The book, which is issued by Dr. M. R. Gilmore, of the State Historical Society, is for sale by The Tribune. Following are excerpts of a letter from Dr. A. McGee.

Dr. Melvin R. Gilmore:
Your "Prairie Smoke" came this mail. Have been reading it until (now) midnight. . . a pleasure to read it, recalling how and where I have heard it, with calm emotions, or with zeal, or sometimes with grief, in the narration of old Indians, of most of whom are gone.

And for simple yet deeply philosophical and poetic literature such native American growths are not surpassed by any other literature.

Reading this book takes me into the world of Nature's music for five hours.

And I wonder why scholars are slow to like and to recommend our own native American literature such as this book furnishes—a tiny part of the whole of it. Is it because of

out of town visitor in Bismarck yesterday.

GOE STO STRASBURG.
F. E. Hanson, of the city, left this afternoon for Strasburg on a business visit.

IS VISITING HERE.
A. S. Yates of Sheridan county is spending the day in Bismarck visiting.

ON COURT BUSINESS.
Thomas Poole has gone to Mohall, N. D., on a ten days' business visit.

HERE FROM WAHPETON.
R. J. Hughes of Wahpeton, N. D., was a visitor in Bismarck Sunday.

HAZELTON VISITOR.
Donald Ferguson of Hazelton, N. D., was a visitor in the city yesterday.

ON BUSINESS VISIT.
N. A. Freeburg of the city, has gone to Fargo on a business trip.

CITY NEWS

Warns Children.
A warning to children in playing around automobiles was given by Chief of Police Martinson today. Saturday afternoon a little boy named Anderson, whose parents live south of the N. P. tracks, was injured when he fell from an automobile on which he was hanging. Warning also was given by the chief to people who "cut corners" in crossing street intersections.

Eugene M.eyer Jr., chairman of the War Finance Committee, passed through Bismarck this morning on his way to Fargo, where he will address a group of bankers at a meeting there tonight. E. V. Lahr, of the First Guaranty Bank, left for Fargo to be present at the meeting. C. B. Little, P. C. Remington and J. L. Bell will leave tonight for Minneapolis where another meeting will be held.

Many Visit River.
Many people who visited the Missouri river yesterday got a thrill in watching painters perform on the bridge apparently without a thought that a drop would plunge them 70 feet into a rapid current of icy water. The painters are proceeding rapidly with their work on the bridge. Very little ice was running in the Missouri river yesterday.

Children Gaining.
Thirty-four children were weighed and measured at the meeting of the Child Welfare committee and the nutrition classes in the Rest Room of the Masonic Temple on Saturday. The committee have found that those children who have been taking the milk in school have gained from 1 to 7 pounds.

Funeral is Held Today.
Mr. and Mrs. C. W. McGray and son Archibald left this morning for Underwood where the remains of little

Vivien Hart McGray, who passed away last week, were laid to rest. A short funeral service was held at the cemetery in Underwood at three o'clock this afternoon and the little daughter was buried beside her brother Carlyle.

Bismarck Hospital News.
Selma Krick of Hebron, Mrs. C. C. Trapp of Marian and Fred Wilmonsky of the city, have entered the Bismarck hospital for treatment.

Mrs. William Falconer, of the city, and John Gunwall of Taylor, have returned to their homes.

Talks to High School.
At 3:15 o'clock this afternoon Rev. Hetzel, field secretary of the Christian Endeavor society in West Virginia, addressed the students and teachers of the high school.

180 Applications.
John deJong, county agent, has sent in a total of 180 applications for seed loans in three days the total amount applied for being \$40,000.

Baby Girl.
Mr. and Mrs. Archie H. Olson of 503 Ninth street announce the arrival of a baby daughter at the St. Alexius hospital this morning.

Baby Boy.
Mr. and Mrs. Chris Free of 210 Twelfth street, announce the arrival of a baby boy at the St. Alexius hospital yesterday.

Miss Boysen Dies In Fargo Hospital

Miss Mary A. Boysen of Bismarck, died at 2 o'clock Saturday afternoon in a Fargo hospital, following an illness of eight months. Miss Boysen came to North Dakota in 1902 and taught in the Sheldon and Enderlin schools for several years. She then came to Bismarck and for the past thirteen years has been head of the music and primary departments of the local public schools. Because of ill health she resigned last June and since that time she has been confined to the hospital in Fargo.

Miss Boysen was born in Reggerville, Ohio, in 1866. A year later her parents, Dr. and Mrs. O. Boysen, moved to Buffalo, N. M., where she lived until she came to North Dakota. She leaves a sister, Mrs. Clara S. Kratt, Sheldon, N. D., two nephews, G. O. and E. E. Kratt of Sheldon and two brothers, E. G. and W. S. Boysen of Buffalo, N. Y. The remains will be taken to Buffalo, N. Y., for burial.

CALL FOR CITY OF BISMARCK WARRANTS.

Notice is hereby given that there are funds on hand to pay the following warrants of the city of Bismarck, North Dakota, drawn on the following funds, general fund, warrants registered on or before May 3, 1921. Poor fund, all warrants outstanding which are registered. Road and street fund, warrants registered on or before July 20, 1921. Library fund, warrants registered on or before January 24, 1922.

Interest will cease on the above warrants on April 15, 1922. The above warrants are payable through any bank in the city of Bismarck, N. D., or at the office of the city treasurer of said city.

A. J. ARNOT, City Treasurer. 4-10-22

AT THE THEATERS

A motion picture gem, delightful and interesting from beginning to end, with delicate touches of humor and pathos distributed through a well-told story of New York's East Side, is promised to patrons of the Capitol theater when "Little Miss Smiles," a Fox production starring Shirley Mason, is shown for two days, beginning tonight.

Miss Mason is beloved for her portrayals of tender girlish characters, and in her role of Esther Aaronson, daughter of a typical lower East Side family, she smiles through troubles and through triumphs; and though she is boyish and bold when occasion requires, she is the very essence of sweetness at other times. She is just a very human little girl, living in the most interesting neighborhood in the world.

"Little Miss Smiles" is based on a story by Myra Kelly, and was directed by Jack Ford.

RIALTO THEATER.

Tonight the Lone Star Beauty Review company are presenting one of America's best known comedy dramas, "The Girl of the Golden West." Particular attention has been paid to the casting of this piece, the costuming and the scenery, and we look forward to a very clever entertainment tonight. Ed Klark is slated for another comedy character. Mal Wheeler is the villain in the piece. Toy Revere is the Indian girl white tawn. Babe Klark will play the leading role of Roxey Tremaine, and James Klark will be seen as the Denver dude, Jack Delmar. There are some tense moments

PIMPY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or puffy face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

THE STATE'S OLDEST NEWSPAPER

(Established 1873)

and Deadwood Dick, which 20 years ago had to be read in the haymow.

EDUCATIONAL SYSTEM

Our educational system is suffering from intellectual anemia, says Harry Allen Overstreet, New York college professor.

He thinks Americans have developed a standardized type of brain, resembling a sponge, unable to function without textbooks. In other words, students are not inclined to think for themselves. They want information poured into them with a funnel.

The system tends to produce imitators instead of creators. Professor Overstreet wisely advises, "Raising snails in your apartment teaches you more of the movement of life than doing Experiment 27 in the laboratory."

FACE-VALUE

Professor Overstreet, urging original thought instead of gulping textbooks without question, forgets that the present way is rather a necessary system.

Why necessary? Because knowledge in this scientific age is so extensive, so intricate, that we haven't time to investigate, must accept most things at face value, take them for granted.

Man is unveiling the hidden so rapidly that no one could keep pace with all progress even by reading 24 hours a day.

Trouble is, we have to waste so much time learning things that are neither useful nor important. To learn to discriminate on sight would require an average life of at least 500 years.

AS A MATTER OF COURSE

As times get better, you realize that most problems solve themselves by natural processes. At the peak of hard times, the nation frantically turned to legislators for a cure-all.

No cure-all showed up. Hard times, like a fever, run their course. It is natural law, bringing us to our senses, restoring the sense of values chloroformed by prosperity.

Nature takes her time with the reactions that inevitably follow actions. Usually man cannot apply spurs.

Like Little Bo-Peep who lost her sheep and didn't know where to find them. "Leave them alone and they'll come home, dragging their tails behind them."

JAGGED

Business cannot function smoothly until all prices are balanced, on the same relative level.

We have seen this work in our country, where the farmer, getting low prices for his crops and livestock, hasn't been able to pay the high prices asked for city men's products.

It works the same in foreign trade. That's the significance of the Federal Reserve Board's report that prices in England average 67 per cent above pre-war, against 206 in France, 82 in Denmark and 153 in Norway, countries where currency depreciation is not much out of line.

This out-of-balance situation tends to stimulate sales on one side and chloroform it on the other. The two counteract each other.

TRADE FAILURES

In March 2307 American businesses failed compared with 2090 in February and 2705 in January, Bradstreet's credit agency reports.

Better news comes from J. H. Tregoes, secretary of the National Association of Credit Men. He thinks the credit crisis is over and that failures will decrease from now on.

The weak trees have been blown down. Strong trees withstand the storm. Survival of the fittest is a natural law. Unfortunately, in business, the unfit frequently are the strongest and survive.

Business men who were fit but weak will come back, some stronger than ever. One defeat is not fatal, unless the defeated thinks so. The ultimate victor usually loses a lot of battles before he wins a war.

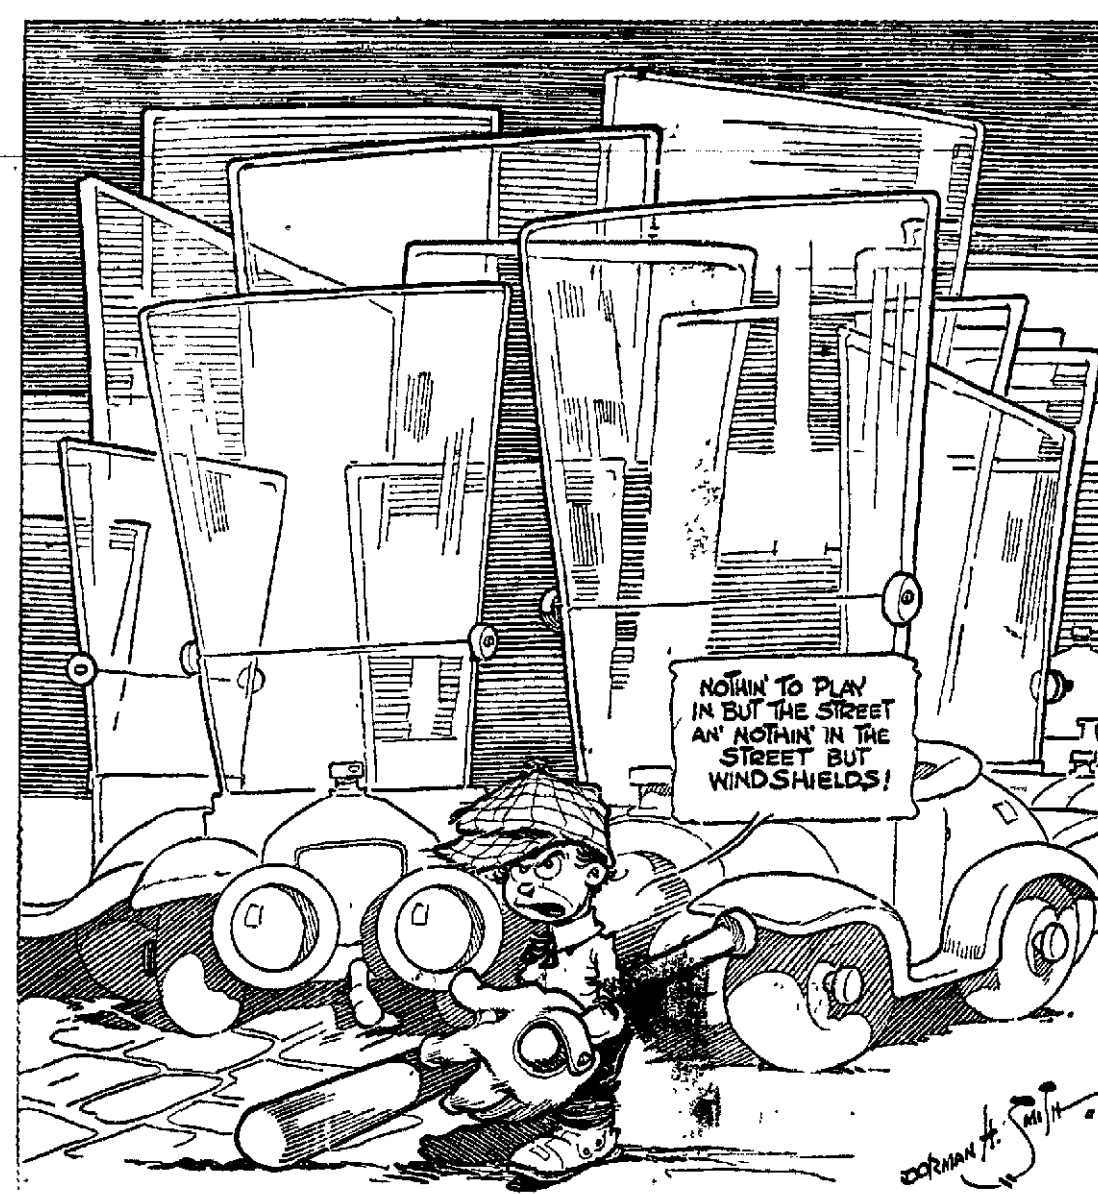

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

THE BEST THING TO DO

It seems to us that the thing to do at this time, for the good of the common cause, would be to forget personal preferences, personal likes and dislikes, and do what we can to lift our state further out of the mire it's in. Let's scout around a little and find out what would be FOR THE BEST INTERESTS OF OUR STATE to do in this senatorial fight. We have Porter J. McCumber, the senior senator from our state, as chairman of the powerful senate finance committee, for instance. It is a position which carries with it prestige, influence and power second only to that of the President. Would it be for the best interests of our state as a whole to retain Mr. McCumber in that position? If it would, then we should forget that there are other candidates for senator and get solidly behind Mr. McCumber in the coming election. If it's for the good of our state to start at the bottom of the ladder again, and be off the map so far as representation and influence and prestige in the national congress is concerned—with Ladd and Frazier there—well, then a fourth man should be nominated at Jamestown. That's the whole thing in a nut-shell. Which shall it be?—Wells County Farmer (Ind.)

THE SEASON OPENS IN THE CITY LEAGUE

BEGIN HERE TODAY

After eight years of married life, MARK SABRE comes to realize that he is neither understood by his prosaic and snobbish wife.

MABEL, not by his colleagues in the firm of Fortune, East and Sabre. A promised partnership in the business has been denied him and promised to

TWYNING, a jealous associate.

Suddenly an old sweetheart,

NONA, now the wife of the dashing

LORD TYBAR, returns after two

years of travel. Mabel becomes

jealous of Nona, who visits Sabre at his office. Something makes Sabre

suspect that Nona is not happily

married. She says she is just

drifting, Mabel.

GO ON WITH THE STORY

She said swiftly, as though she

were stirred, "Oh, Marko, yes, that's

mysterious. Do you know sometimes

I've seen drift like that, and I've

felt—oh, I don't know. But I've put

out a sick and drawn in a piece of

wood just as the stuff was moving

off, just to save it being carried away

into—well, into that, you know."

"Have you, Nona?"

She answered, "Do you think that's

what life is, Marko?"

"It's not unlike," he said. And he

added, "Except about someone com-

ing along with a stick and drawing a

line into safety. I'm not sure about

that. Perhaps that's what we're all

looking for—

he suddenly realized that he was

back precisely at the thought his

mind had taken up on the morning

he had met her. But with a nega-

tive administration, two feelings

came into his mind, the second hard-

ly upon the other and overriding it, as

a fierce horseman might catch and

overcome the pursued. He said, "It's

rather joy to have someone that

can see across that—that—that line—

he overrode, and he said with as-

tonishing roughness, "But you're

you aren't human. How can you be

flotsam—the life you've taken?"

And so, as he had struck her, and

she been bound, defenseless, and

with her eyes treating her to a

struck again, she could not deeper

have penetrated him than in the glance

she flitted from her eyes, the quiver

of her lids that first released then

veiled it.

It stopped his words. It caught his

throat.

He got up quickly. "I say, Nona, I

never mind about thinking. I'll tell

the books. Her fond, her almost ten-

der sympathy made him, too, feel

that it was rather fine. Her light

words in her high, clear tone voiced

exactly his feelings towards the

books. Talking with her was, in the

reception and return of his thoughts,

nearer to reading a book that de-

lighted him than to anything else

with which he could compare it.

There was the same interchange of

ideas, not necessarily expressed; the

same creation, and play of fancy, im-

agined, not stated.

IV

She sat briskly forward in the big

armchair in which she faced him,

making of the motion a movement as

though throwing aside a turn the

conversation had taken. "Well, go

on, Marko. I'm not going to let you

stop talking yet. I love that about

how people get success nowadays.

It's jolly true. I never thought of it

before. Yes, you're still a terribly

thick person, Marko. Go on. Think

some more. Out loud.

Pressing—drawing him on—just as

of old.

He said thoughtfully, "I tell you a

thing I often think a lot about, Nona.

You being here like this puts it in my

mind. Conventions."

She smiled teasingly. "Ah! poor

Marko. I knew you'd simply hate it.

My coming like this. Does it seem

terribly unconventional, improper, to

you, shut up with me in your of-

fice?"

He shook his head. "It seems very

nice. That's all it seems. Look here,

Nona, this really is rather interest-

ing."

"Yes," she said. "Yes."

Just so he used to bring ideas to

her; just so, with "Yes—yes," she

used to receive them.

But he went on. "Why, conven-

tion, you know, it's the most myster-

ious, extraordinary thing. It's a

code society has built up to protect

itself and to govern itself, and when

you go into it it's the most marvel-

ous code that ever was invented. All

sorts of things, that the law doesn't

give, and couldn't give, our conven-

tions shove in on us in the most

amazing way. And all probably origi-

nated by a lot of Mother Grundyish

old women, that's what's so extraor-

dinary. You know, if all the great-

est legal minds of all the ages had

laid themselves out to make a social

code they could never have got any-

where near the rules the people have

built up for themselves. And that's

what I like, Nona—that's what I

think so interesting and the best

thing in life; the things the people

do for themselves without any state

interference. That's what I'd en-

courage all I knew how if I were a

politician."

He broke off. "I say, aren't I the

limit, gassing away like this? I

hardly ever get off nowadays, and

when I do—Why don't you stop

me?"

She made a little gesture deprecato-

ry of his suggestion. "Because I

like to hear you. I like to watch

your funny old face when you're on

one of your ideas. It gets red under-

neath, aMarko. And the red slowly

comes up. Funny old face! Go on. I

want to hear this because I'm going

to disagree with you, I think. I think

MARKETS

SUBSTANTIAL GAIN IN HOG MARKET

South St. Paul, Minn., April 10.—Weekly Review.—Reductions of about 22,000 in receipts of hogs last week compared with the week previous at the seven leading central markets, fairly generous shipping orders, and the general good quality of local hogs receipts have been bullish influences in the past week's trade and local prices have made net gains averaging about 50 cents per cwt. Better grades of butchers and lights closed at \$10.15 to \$10.50 Saturday according to weight and finish, lightweights selling to best advantage. Heavy packing sows sold from \$8.50 to \$9.50, with rough stags at \$7 to \$7.50. Bulk of desirable pigs sold on closing days, at \$10.50.

The market on beef steers again was irregular last week, closing with prices on a week to 25 cents lower basis, compared with the previous week. Small lots and odd head of beef steers have sold from \$7.75 to \$8, with a fair showing of sales at \$7.25 to \$7.50. Bulk of beef steers sold toward the close of the week from \$6 to \$7, with some of the commonest kinds suitable for straight carcass beef going below the \$6 mark.

With continued scarcity of butcher cows and heifers these held about steady during the week, full of common and medium grades ranging from \$4 to \$6, with few heifers and young cows from \$6.25 to \$7, a few reaching \$7.50. Canners and cutters continued at \$2.50 to \$2.50, hologna bulls \$3.25 to \$4, bulk \$3.50 to \$3.75. Veal calf prices have bobbed up and down, closing about steady with a week ago. Practical packer top at the close, \$7, few up to \$7.50, seconds \$3.50 to \$3.75.

After a fairly healthy opening last week the stocker and feeder market weakened considerably, closing with average losses of about 25c. A few good and choice feeders sold Friday from \$6.50 to around \$7, with bulk of all sales in this division from \$5.25 to \$6.25, commonest kinds as low as \$4.25.

Sheep and lambs closed steady to strong. Better grade fat lambs, \$15 to \$15.50, desirable ewes, \$8.50 to \$9.50.

EARLY UPTURN

Chicago, April 10.—Wheat scored a material upturn in price today during the early dealings, Liverpool quotations being sharply higher and crop reports from the southwest less favorable. The opening which ranged 5-8 to 1-8 cents higher was followed by further gains and a reaction.

A larger decrease than expected in the visible supply tended subsequently to send prices further up, grade and so did word of wind and sandstorms in Oklahoma. The close however, was unsettled 1-2 to 5-8 cents net higher.

ST. PAUL LIVESTOCK

So. St. Paul, April 10.—Cattle receipts 2,900. Quiet. Killing classes mostly steady. No good or choice beef steers here.

Common to medium beef steers \$6.50 to \$7.25. Bulk \$6.00 to \$7.00. Butcher cows and heifers mostly \$4.00 to \$5.00. Few up to \$7.00. Good and choice steers and feeders strong to slightly higher. Common and medium grades sold about steady. Calves receipts 1,100. Steady. Practical packer top best lights \$7.00. Seconds largely \$4.00.

Hog receipts 6,900. Strong, mostly 10 cents higher. Top \$10.60. Bulk better grades \$10.25 to \$10.60. Packing sows, mostly \$9.00 to \$9.50. Good pigs \$10.75.

MINNEAPOLIS FLOUR

Minneapolis, April 10.—Flour unchanged, shipments 44,510 barrels. Bran \$21.50 to \$22.

CHICAGO LIVESTOCK

Chicago, April 10.—Cattle receipts 10,000. Slow, tendency slower. Hog receipts 40,000, mostly 10 to 15 cents higher. Sheep receipts 14,000. Generally steady to strong.

BISMARCK GRAIN

(Furnished by Russell-Miller Co.) Bismarck, N. D., April 10.—No. 1 dark northern, \$1.43. No. 1 amber durum, \$1.11. No. 1 mixed durum, \$1.03. No. 1 red durum, \$1.01. No. 1 flax, \$2.26. No. 2 flax, \$2.21. No. 2 rye 76 cents.

MINNEAPOLIS GRAIN

Minneapolis, April 10.—Wheat receipts, 207 cars, compared with 362 cars a year ago. Cash No. 1 northern, \$2.53 to \$1.56; May, \$1.44; July, \$1.34 to \$1.35. Corn No. 3 yellow, \$1.14 to \$1.24. Oats No. 3 white, \$1.10 to \$1.15. Barley, 50 to 53 cents. Rye No. 2, 94 1/4 to 96 1/4 cents. Flax No. 1, \$2.59 to \$2.62 to \$2.63.

WINTER RYE IN GOOD SHAPE, IS STATE REPORT

North Dakota Crop Estimated At 31 Per Cent of Total Rye Acreage of U. S.

Grand Forks, N. D., April 10.—North Dakota's 31 percent of the total rye acreage in the United States, came through the winter with an April 1, crop condition of 88 percent, according to the crop report issued Friday by the U. S. Bureau of Markets and Crop Estimates. This condition is 88 is 4 points above the April 1, condition last year, 3 points above the 10-year average, and in the past 7 years has been exceeded only once, in 1917, when the April 1, condition was 89. The report, which also shows an increase in the number of brood sows and a more satisfactory farm labor situation, follows:

The preliminary estimate of fall sown rye in North Dakota placed the acreage at 1,607,000 or 31 percent of the total fall sown rye acreage in the United States. Rye made an excellent fall start and entered the winter with a December 1, condition of 92 percent. Moderate temperatures in January, when the snow cover was deficient and an ample snow cover during the alternate cold spells that followed were favorable factors. At the end of March, enough snow and frost remained to make the rye condition estimate difficult in all parts of the state, reporters generally giving weight to this factor. The April 1, condition is estimated to be 88 percent of a normal, compared with 84 percent on April 1, last year and a 10-year average of 85. For April, this condition in past seasons back to 1915 has been exceeded only once, in 1917, when it was placed at 89.

The condition of rye in the United States on April 1, is estimated to be 89.6 percent of a normal, compared with 90.3 percent on April 1, last year, and a 10-year average of 88.5 percent. The indicated production for the United States on April 1, is 69,667,000 bushels, compared with the estimate of 57,918,000 bushels on April 1, 1921.

CORONER'S JURY FREES OIL MAN IN KILLING CASE

Hold Jean Day Was Justified In Killing Lieut. Col. Paul Beck In His Home

Oklahoma City, Okla., April 10.—Holding that Jean P. Day, prominent attorney and oil man, was justified in the killing of Lieutenant Colonel Paul Ward Beck at the Day home early last Tuesday, a coroner's jury returned a verdict Saturday night recommending that "no charges be preferred against Day."

The crowded court room was silent as it heard the verdict read. Mr. and Mrs. Day displayed no emotion as it was made public and after it had been read they arose. Mr. Day shook hands with Coroner McWilliams and the party walked slowly from the room without a word.

The verdict follows:

"We, the coroner's jury, duly sworn and empaneled to inquire into the cause of the death of Paul Ward Beck, after hearing evidence introduced before us by witnesses, and after viewing the body of Paul Ward Beck, do upon our oath, find and report:

"That Paul Ward Beck came to his death at the hands of Jean P. Day and from the evidence submitted to us conclude that Jean P. Day was justified in defending his wife and himself, even though the unfortunate affair resulted in the death of Paul Ward Beck, and we therefore recommend and advise that no charges be filed or prosecution instituted against Jean P. Day."

The verdict was signed by all six of the jurors.

Beck Attacked Mrs. Day. On the witness stand in the packed court room, Day and his wife told with emotion of the slaying of Beck. In a broken voice, but with a gleam of determination in his eye, Day related how he killed the noted army aviator when he sought to drive Beck from his home after finding him attempting to attack Mrs. Day early last Tuesday.

"Beck, threw his arms around me, crying, 'Girl, girl, you swept me off my feet,' and asked me to come to his room that night," the wife of the wealthy oil man and attorney said. "I saw Colonel Beck holding Mrs. Day on the divan," testified Day. "She was fighting him. He had his right arm around her. His other hand was about her knees.

"I got there in time to protect her and I did."

"You don't know what you are saying; I couldn't do that," Mrs. Day testified she replied to Beck when he urged her to come to his room.

Told Day Not to Shoot. Mrs. Day said she did not hear her husband enter the house when he went to get his revolver.

"I don't know whether I beat his face," she said, declaring she used both hands to fight off Beck's left arm.

Mrs. Day testified she first saw her husband as he descended the stairs with a revolver in one hand.

"My God, Daddy, don't do that!" she said she cried.

Beck had jumped up from the divan meanwhile and had retreated to another room, she said.

The next thing she said she saw the body of Beck lying on the floor.

"I did not see the shot fired. I did not hear the report," Mrs. Day testified.

She looked down and saw his lips move. She lifted his head, then I put his head back down and the blood surged out. Then my hands were covered with blood."

Later she testified she wiped the blood from her hands and arms when officers brought a wet towel.

G. N. READY FOR IMPROVEMENTS

Minot, N. D., April 10.—Substantial evidence that the Great Northern railway is preparing to actively push the improvement work announced for this season was seen this week in the trainload of steel rails for new track work that went out of Minot. This is the first shipment for the big undertaking. A train of 32 cars went out to distribute the rails at points along the line west of the city. The company intends to relay the tracks along 18 miles of the line between Minot and Tugus—principally between Manitous and Gasman, it is understood—with 90 and 100 pound rails. This distribution work is preliminary to actual construction which is governed by weather conditions and which Supt. R. A. McCandless says probably will not be started until early May.

BEACH ELECTION QUIET

Beach, N. D., April 10.—The city election was a quiet affair, the only contests being for city treasurer, in which R. R. Halstead was victorious, and a little flurry over mayor, W. S. Davis being voted for by the sticker route. The entire former administration, where the members stood for reelection, was returned practically unanimously, with the exceptions noted.

WHISKEY CAR IS AT ISSUE

Ramsey County Involves Priority of N. D. Title, Private Lien

Devils Lake, N. D., April 10.—Just what the state's rights are under the 1921 statute providing that cars seized while transporting whiskey shall be forfeited to the state, is expected to be decided in district court here soon in the case of an auto seized in March 1921, from C. E. Story and Leslie Anderson, of Sioux City, Iowa, who were convicted and sentenced for whiskey running. They served their sentences and left the country.

Flynn, Traynor & Traynor of Devils Lake obtained judgment for attorney fees due them from Story and Anderson, attached the car the winners had used and which was in possession of the sheriff, and advertised it for sale to satisfy their claim. Before the sale could take place, States Attorney S. W. Thompson obtained a district court order restraining the sale until the court determined whether the state or the attorneys had the first lien on the auto. Later the court allowed the sale to proceed subject to the final decision of the courts as to who held the prior right to the car.

The case was sent to the supreme court which sent it back to the district court here for trial.

The trial took place here in district court. Briefs will be submitted and a decision is expected soon.

THE OLD HOME TOWN

BY STANLEY

HEBRON VICTOR AT BASKETBALL AT VALLEY CITY

Wins First Place in Consolidated Tournament by Beating Erie and Balfour

In the state basketball tournament for graded and consolidated schools held at Valley City high school on Saturday, the 8th, Hebron won first place by defeating Erie and Balfour. In the afternoon the boys from Hebron swamped the Erie quint to the tune of 36 to 4. At the end of the end of the first half the score was 30 to 1. Coach Ballen sent in his substitutes during the second period. The final game in the evening was much more closely contested. The Hebron boys had lost their eye for the basket and missed a flock of easy shots. He nemeyer finally broke the ice with two baskets from the field, but the first half closed with the score 10 to 9 in favor of Balfour. The five from Hebron came back with a rush at the beginning of the second session and gained a lead of two points but the fighting was up and tuck to the very end. When the final whistle blew Hebron had won by a score of 19 to 16. An odd feature of the game was that four technical fouls were called simultaneously on the Balfour boys for leaving the floor during a time out. They missed the four shots in succession.

For Balfour, "Spike" Sorenson was the shining light. For Hebron, Ther and Jaeger played the best game but were ably assisted by Heinemeyer, Funk and Pick.

WOMEN REFUSE TO TAKE BACK SEAT IN SPORTS

Girls Haven't as Much Strength as Boys, Hence They Show More Skill

Fargo, N. D., April 10.—Women are just as good sports as men—take it from Miss Ruth Andrews, director of women's athletics at the Agricultural College here. They are just as clever and skillful, if not a little bit more. That is the reason the North Dakota delegates to the annual convention of the central section, athletic conference of American college women, are going to support intercollegiate athletics for women at the Denver, Colo., meeting, April 11 and 12. They are Miss Susan Martin, Fargo, for the Agricultural College and Miss Nell Lundberg, Hope, and Miss Beulah Kinser, Kenmare for the State University. This is the first time that North Dakota will be represented at such a meeting. "Some people say that girls are poor sports and that any athletic contest between them is apt to degenerate into a hair pulling match," said Miss Andrews. "I wish you could have seen the basketball game between our girls and the team from Concordia the other night. The Concordia coach said it was just as good as a man's game. It wasn't a tea party either. And the Concordia girls were good sports too, though we beat them this time. They gave a party for us afterward and everything went off fine."

"That was a sort of feminine touch—the party,—wasn't it?" she was asked.

"We don't pretend to be anything but feminine," Miss Andrews replied, quickly.

Regarding cleverness, Miss Andrews explained that the girls haven't as much strength as boys so they have to depend more on skill than the latter.

Regardless of the decision on intercollegiate athletics for women of the Denver meeting the girls of the Agricultural College and of the University are going to meet in tennis this spring.

There is ample provision for feminine athletics at the agricultural school all the year round. In the fall, field hockey and soccer; winter basketball and minor sports such as volleyball; spring, tennis and baseball played with an indoor baseball. Hiking holds good for all the year round. A five mile minimum is required to secure credit. Besides this there is a natural (barefoot) interpretative and folk dancing and apparatus work.

EUROPE'S ILLS TO BE PROBED AT CONFERENCE

(Continued from Page 1)
to play a more active part at Genoa. Many observers even go so far as to predict that Great Britain and Germany will dominate the assembly by working hand in hand for the salvation of their industrial lives through the resurrection of their markets in the east and south.

Briefly, the conference will seek to accomplish some means for the granting or extension of foreign credits to the most enfeebled countries and will then attempt to set up machinery for assuring such foreign capital that the fruits of its investment will not be lost.

The resolution calling the conference sets forth that the nations of Europe cannot presume to dictate to one another the principles under which they must conduct their internal affairs but adds that foreign capital cannot be expected to come in unless the nations recognize all obligations and public debts previously contracted or to be contracted in the future, agree to indemnify all foreign interests for loss which has been caused through the confiscation of property and establish legal punishment to assure the impartial execution of all commercial or other contracts.

The resolution also suggests that the nations ought to have a convenient means of exchange; that all nations should agree to abstain from

WIDOWS ORGANIZE LEAGUE TO PROTECT THEIR INTERESTS

Mrs. Frank Townsley Brown

BY ROY GIBBONS.
Chicago, April 10.—The widow's mite shall become the "widow's might."

That's if a group of women, headed by Mrs. Frank Townsley Brown, here have their way.

They are forming a national organization to be known as the Widow's Protection League.

Mrs. Brown, possessed of large wealth, is president.

Many Objects.

Objects of the movement are:

To see that women get back all money.

To aid them in matters pertaining to the collection of estates left by husbands.

To wage relentless war against lawyers who prey on widows ignorant of the law in collection of estates.

To clean up the country's morals.

To remove the prefix "merry" from the untarnished name of "widow."

To uplift womanhood.

To affect a cure for flapper silliness.

Membership is not confined to

widows only. Any woman may join free.

The league will have three committees in constant session—a legal, executive and investigative.

Aid will be given free upon request at headquarters or by correspondence, Mrs. Brown and other wealthy charter members devoting their spare time and funds to furthering the cause.

"I got the idea for the league's start," says Mrs. Brown, "shortly after my husband died."

Property Tied Up.

"He left me a large estate, but a lawyer tied up my property for three years. In the meanwhile I was thrown into a state of poverty."

"Had I known, or had he told me, that there was such a thing as a widow's mite at law—a sum of money to be given a widow pending the probate of her estate—all my sufferings would never have been."

"Other women I know are in a similar predicament today. It is for these and for others who need our aid in any way that we are organizing."

propaganda subversive of the political system in other countries and that all nations take a common engagement to abstain from aggression on their neighbors.

Regarding Russia.

Regarding Russia, the resolution concludes:

"If the Russian government claims official recognition in order to assure development of its commerce, the Allied powers can accord the same only upon acceptance of the foregoing stipulations."

It was Russia and the question of her participation in the Genoa meeting which played an important part in Premier's Briand's sudden decision to return to Paris and lay the Cannes deliberations before the Chamber of Deputies in the hope of receiving a vote of confidence. After a lengthy and eloquent speech, he suddenly announced his resignation and was succeeded by Premier Poincare, who formed a new cabinet.

France's Position.

France was flatly against permitting Russia to enter the Genoa conference without the imposition of advance restrictions on the subjects to introduce, while England was willing that Russia should participate without restrictions other than were mentioned in the resolution as applying to all nations.

Prime Minister Lloyd George also experienced something of a flare back from British political leaders, with the Genoa conference and its Russian question entering into the difficulty.

The Prime Minister's desire to carry through the Cannes program precipitated a virtual crisis in his coalition government, following which he went before the House of Commons for a vote of confidence on the subject.

Another interesting phase of the Genoa deliberations if treaties and political subjects are permitted upon the agenda, concerns the Baltic and Balkan states embracing Poland, Finland, Estonia, Latvia, Rumania, Yugoslavia and Czechoslovakia, all of whom will have delegates at the conference.

Of these nations, Finland, Latvia and Estonia already have an alliance with Poland, while Yugoslavia, Czechoslovakia and Rumania, comprising the Little Entente, are on friendly terms with her. Lloyd George, it is understood, is anxious to further strengthen these friendly relations and at the same time minimize the dangers of future wars in the Balkans by securing at Genoa a treaty of peace with Russia on the one hand and Poland, with her allies and the Little Entente on the other.

Should such a treaty develop from the conference, it would affect the peace of more than 100,000,000 nationals.

OPENING AND CLOSING DATES IN THE MAJORS AND MINORS

While the opening of the baseball season is generally dated from the time the major leagues go into action, still many of the minor leagues do not get under way until a later date.					
The American and National will open April 12 this year. Two minor leagues will take the word on the same date, the American Association and the Southern.					
Here are the opening and closing dates of the major and minor circuits:					
League	Opening Date	Closing Date			
National	April 12	Oct. 1			
American	April 12	Oct. 1			
American Ass'n	April 12	Oct. 1			

International	April 18	Sept. 23			
Southern Ass'n	Apr'l 12	Sept. 14			
Pacific Coast	April 14	Oct. 15			
Western	April 13	Sept. 26			
Eastern	April 28	Sept. 23			
Western Ass'n	April 20	Sept. 4			
Texas	April 14	Sept. 14			
South Atlantic	April 17	Sept. 4			
Michigan-Ont.	May 2	Sept. 4			
Western Int.	May 2	Sept. 4			
Virginia	April 20	Sept. 8			
Piedmont	April 26	Sept. 16			
Appalachian	April 27	Sept. 8			
Blue Ridge	May 15	Sept. 4			
Kitty	May 16	Sept. 4			
Southwestern	April 20	Sept. 4			
Florida State	April 3	Aug. 19			
Mississippi Val.	May 1	Sept. 4			

RED RIVER RISING FAST

Fargo, April 10.—The Red river was at its highest stage of the season here today and only lacked a foot or less of covering street car tracks at one point. It will soon begin to recede, the weather bureau officials at Moorhead said.

TORNADO HITS MISSOURI TOWN

Springfield, Mo., April 10.—Ash Grove, 20 miles northwest of here, was struck by a tornado early today, according to reports. One man was reported killed and several buildings destroyed.

A. C. Debaters Take On Penn. Team Tonight

Fargo, N. D., April 10.—The Pennsylvania State College debating team is in Fargo today ready to match wits with North Dakota Agricultural College debaters.

The Aggies will uphold the affirmative side of the question: "Resolved, That the United States Government should establish insurance for employees of American corporate industry."

The contest is to be without judges and without decision—the first time such a debate has been staged here.

Tonight's debate is one on a large schedule on the western trip of the Pennsylvania institution.

Auditor's Office Clear of Approved Unpaid Bills

Saturday afternoon, April 8th, the office of the state auditor was clear of approved unpaid bills for the first time in several months. Warrants, covering all items which had been passed on to the auditor by the auditing committee had been written and were in the mails seeking the people entitled to the money.

At the time of the greatest depression in the finances in the office of the auditor, unpaid bills and loans from the Bank of North Dakota to the state institutions to take the place of current expense money, totaled almost a million dollars according to Ralph Madland, deputy auditor. The unpaid bills have all been taken care of and the loans at the Bank of North Dakota have been reduced to about \$200,000, according to Mr. Madland. The ability to pay has been due to the good tax collections of February and March. Slow tax collections and collections of other funds, largely were responsible for the conditions. The collections of August, 1921, were \$40,000 less than the state payroll, and several other months of the past year, the collections were not much larger than the payroll.

JOFFRES THREE

Here are the big three of the Joffre party now touring the United States in the interest of peace: Mme. Joffre (above), Marshal Joffre and Mlle. Germaine Joffre, their daughter.

ANNOUNCEMENT.
I hereby announce myself as a candidate for sheriff of Burleigh county, subject to the primary of June 28.

FRANK BARNES.

DEMS CHAIRMAN COMING HERE

Cordell Hull to Make Stop in Bismarck Sunday

"The North Dakota political situation will be reviewed by Chairman Cordell Hull, of the Democratic National Committee, who will stop in Bismarck on Sunday, April 16, on his way east from the Pacific coast. Mr. Hull will be the guest of Sveinbjorn Johnson, chairman of the Democratic state committee.

"Of course do not contemplate any meeting of Democrats or even any conference on account of the fact that the day will be Sunday," Mr. Hull wrote Mr. Johnson.

F. O. Hallstrom, Democratic county chairman, also announcing Mr. Hull's visit, said that he was planning for a luncheon to be served Sunday noon at the McKenzie hotel and that a number of prominent Democrats of the state will be here. He said he did not think Mr. Hull's wishes would preclude the reception proposed or inviting to a conference a number of Democrats of the state.

McNARY BILL DOESN'T LOOK SO PROMISING

Engineers, interested in possibilities of instituting irrigation projects in the Slope country of North Dakota, are beginning to fear that so many restrictions are being thrown around the provisions for the use of money in the McNary bill that it will bar work on the small sized projects which seem most available for North Dakota development. The bill has been variously amended in its progress through two committees.

ANNOUNCEMENT.
I hereby announce myself as a candidate for sheriff of Burleigh county at the June Primaries.

Yours respectfully
WILLIAM ODE.

45 U. S. CASES WILL BE HEARD

Fargo, April 10.—About 45 cases will be heard at the term of United States Federal court which opens at Jamestown Tuesday. Judge Andrew Miller will preside, and Judge S. L. Nichols, assistant district attorney, will act as prosecutor.

MOSES NOT CANDIDATE
Hazen, N. D., April 10.—State's Attorney John Moses says he will not be a candidate for re-election, owing to other business matters that will occupy his attention during the year, which therefore, would not allow him any time to attend to a campaign.

FOR EXCESSIVE
URIC ACID
TRY THE WILLIAMS TREATMENT
85 Cent Bottle (32 Doses)
FREE

Just because you start the day worried and tired, aching legs and arms and muscles, an aching head, burning and bearing down pains in the back—worn out before the day begins—do not think you have to stay in that condition.

Be strong, well, with no stiff joints, sore muscles, rheumatic pains, aching back or kidney trouble caused by body made acids.

If you suffer from bladder weakness, with burning, stinging pains or if you are in and out of bed half a dozen times a night, you will appreciate the rest, comfort and strength this treatment should give.

We want to prove The Williams Treatment sets results in rheumatism, kidney irritation, bladder weakness and all ailments caused by excessive uric acid, no matter how chronic or stubborn.

If you send this notice with your name and address we will give you an 85 cent bottle (32 doses) free. Please send 10 cents to help pay postage, packing, etc. to The Dr. D. A. Williams Co., Dept. W-2143 P. O. Building, East Hampton, Conn. Send at once and we will mail you by parcel post one regular 85 cent bottle all charges prepaid. Only one free bottle will be sent to the same person, address or family.

Dance every Tuesday, Thursday and Saturday evenings at 8:30 at The Coliseum. 10 Cents per dance.

The Blazed Trail

WORKERS in the woods frequently find the trail blazed by the axes of those who have gone before. Guided by these marks, they easily find their way.

Advertisements perform a similar duty for you in the important business of spending your money. They point the way to values of which you would never know if they were not there to guide you.

Do you read them? Wise shoppers do. They are the economical buyers—the ones who keep themselves strictly up-to-date on the best opportunities for saving money, or spending it judiciously, which is one and the same thing.

Read the advertisements in this paper. Read them to know what's what in the shopping district. Read them because they place before your eyes a moving panorama of business progress. Read them to save money—to save steps—to save disappointments. - Read them because they blaze your trail to satisfaction in your every-day buying.

Tead them regularly. Follow their guidance.
It pays.
